

Mission Streetscape Plan Comment Card
Community Design Workshop 2
August 20, 2008

I. MISSION STREETSCAPE PLAN VISION

A. Multi-Modal: Streets in the Mission District should support all modes of transportation, prioritizing walking, bicycling and transit.

Comments:

B. Green: Tree planting and greenery should be maximized, incorporating sustainable stormwater management and streetscape elements wherever possible.

Comments:

C. Community-Focused: Street design should prioritize community uses of public right-of-way, providing space for gathering, recreation, and local commercial uses, and minimizing the impact of through traffic.

Comments:

D. Safe and Enjoyable: Street design should emphasize enjoyment and safety for all users, providing adequate lighting and visibility as well as buffering from automobile conflicts.

Comments:

E. Well-Maintained: Existing street amenities should be well-maintained, and future improvements should have a maintenance plan to ensure proper upkeep.

Comments:

F. Memorable: Streets should reflect and reinforce the Mission District's identifiable sense of place.
