OBJECTIVES		POLICIES		IMPLEMENTATION			
#	Objective	#	December 2007 Policy	Revised Policy	#	December 2007 Action	Revised Action
1.8-1.6	IMPROVE INDOOR AIR QUALITY FOR SENSITIVE LAND USES IN THE CENTRAL WATERFRONT	1.8-1.6.1 1.6.1	Minimize exposure to air pollutants from existing traffic sources for new residential developments, schools, daycare and medical facilities.		1.8-1.1-1.6.1.1	As part of the environmental review process for proposed new sensitive uses, including residential, childcare, and school facilities, work with the Department of Public Health to perform the appropriate exposure analysis.	For proposed sensitive uses, including residential, childcare and school facilities, work with the Department of Public Health to perform appropriate air quality exposure analysis as part of the project design and environmental review process.
1.3-1.7	RETAIN THE ROLE OF CENTRAL WATERFRONT AS AN IMPORTANT LOCATION FOR PRODUCTION, DISTRIBUTION, AND REPAIR (PDR) ACTIVITIES	1.3.1-1.7.1	In areas designated for PDR, protect the stock of existing buildings used by, or appropriate for, PDR businesses by restricting conversions of industrial buildings to other building types and discouraging the demolition of sound PDR buildings.	In areas designated for PDR, protect the stock of existing buildings used by, or appropriate for, PDR businesses by restricting conversions of industrial buildings to other building types.	1.3.1.1	In PDR districts, amend the Planning Code to institute new building demolition controls that protect sound PDR buildings.	Amend the Planning Code to extend PDR demolition controls to new PDR districts
		1.3.2-1.7.2	Strongly discourage case-by-case rezoning of areas within PDR districts	Ensure that any future rezoning of areas within PDR districts is proposed within the context of periodic evaluation of the city's needs for PDR space.	1.3.2.1-1.7.2.1		As part of the 5-year monitoring report, Planning staff will recommend any appropriate changes to land use controls, based on new conditions.
		1.3.3-1.7.3	Require development of flexible buildings with generous floor-to-ceiling heights, large floor plates, and other features that will allow the structure to support various businesses.		1.3.3.1-1.7.3.1	See design guidelines in the Built Form chapter.	Amend the Planning code to adopt design controls; See design guidelines discussed in the Built Form chapter.
1.4-1.8	PROTECT MARITIME AND MARITIME-RELATED ACTIVITIES IN THE CENTRAL WATERFRONT	1.4.1-1.8.1	Ensure that development adjacent to the Pier 70 and Pier 80 facilities does not conflict with intensive 24-hour industrial operations characteristic of these sites or conflict with transportation access to these areas.		1.4.1.1-1.8.1.1	Amend the Planning Code to establish a new "PDR-2" district generally east of Illinois Street, prohibiting residential development.	
		1.4.2-1.8.2	To better serve businesses and industry, enhance the infrastructure and working environment within areas designated for maritime uses.		1.4.2.1-1.8.2.1	See Built Form and Transportation Chapters.
