

SAN FRANCISCO PLANNING DEPARTMENT

For Hearing on: August 7, 2008, Eastern Neighborhoods Approval Hearing

To: Members of the Planning Commission

Item: **Eastern Neighborhoods Program**—Amendments to the General Plan, Planning Code and Zoning Map, and Interim Historic Preservation Procedures

Case Numbers: 2004.0160E Certification of EIR and CEQA Findings
2004.0160M Amendments to the General Plan
2004.0160T Amendments to the Planning Code
2004.0160Z Amendments to the Zoning Map
2004.0160U Interim Historic Preservation Procedures
2004.0160UU Approving Public Benefits Program and Monitoring Procedures

Staff Contacts: Ken Rich (415-558-6345), Sarah Dennis Phillips, Sue Exline, Claudia Flores, Jon Swae, Steve Wertheim, Dan Sider

Action Requested: Certification of Environmental Impact Report and adoption of various approval actions related to the Eastern Neighborhoods Program (for more specific detail see body of Staff Report below)

[Note: August 7, 2008: This staff report is updated from the earlier version distributed to the Commission on July 31, 2008. This updated version reflects changes added to the Adoption Package per direction received from the Commission at the July 31, 2008 hearing. Those items that are new since July 31 are indicated by underlined text. All other portions of this Staff Report are unchanged from the July 31, 2008 version.]

1650 Mission St.

Introduction:

On April 17, 2008 the Planning Commission adopted Resolutions of Intention to Initiate amendments to the City's General Plan, Planning Code, and Zoning Maps. These proposed amendments, along with other explanatory written and graphical information, were contained in an Initiation Package, presented to the Commission and made available to the public on that date.

Subsequent to the Commission's adoption of these initiation resolutions, staff prepared and distributed notice to all affected property owners and tenants, as required by law. On May 15, 2008, May 22, 2008, June 5, 2008, June 12, 2008, June 19, 2008, June 26, 2008, July 3, 2008, July 10, 2008, and July 24, 2008, the Commission held public hearings which included staff presentations, public testimony and Commissioners' discussion of a variety of aspects of the Eastern Neighborhoods Program.

This Staff Report consists of 3 sections: 1) A brief explanation of each action that the Commission will be asked to take at this hearing. 2) A list of all changes to the April 17, 2008 Initiation Packet for which staff has prepared amended language, based on informal Commission direction received during the aforementioned hearings. 3) Detailed addenda containing all proposed substantive text revisions.

Attached to this Staff Report is an Adoption Package which consists of adoption resolutions and a partial reprinting and update of the April 17, 2008 Initiation Package, including planning code amendments, zoning map amendments and related materials. Many of these updates are in response to input from the Commission and the public received since April 17, 2008. Sections of the April 17, 2008 package that have not substantially changed are not reprinted as part of the Adoption Package. These include the General Plan Amendments and Area Plan documents, as well as the Implementation Program Document. Minor changes to these documents are noted in an appendix to this Staff Report.

1) Requested Commission Actions at this Hearing:

The following actions are requested from the Commission at this hearing. All together, in taking these actions, the Commission approves the Eastern

Neighborhoods Program and forwards it to the Board of Supervisors for final adoption.

1. Adopt motion certifying the Environmental Impact Report

With this resolution, the Commission certifies the adequacy, accuracy and completeness of the Environmental Impact Report.

2. Adopt resolution making CEQA findings

With this resolution, in accordance with CEQA Guidelines Section 15091, the Commission adopts the CEQA findings which indicate significant impacts associated with approving the zoning and Area Plans, a rationale for rejecting alternatives identified in the EIR, and a statement of overriding considerations that lists technical, social and economic reasons for adopting the plans and zoning despite identified significant, adverse environmental impacts.

3. Adopt resolution approving amendments to the General Plan

With this resolution, the Commission approves amendments to various elements of the General Plan, as well as adding four new Area Plans, for East SoMa, Mission, Showplace Square – Potrero Hill and Central Waterfront.

4. Adopt resolution approving amendments to the Planning Code

With this resolution, the Commission approves a variety of text amendments to the Planning Code.

5. Adopt resolution approving amendments to the Zoning Map

With this resolution, the Commission approves changes to the Zoning Map, including the establishment of 17 new zoning districts and changes to height limits.

6. Adopt resolution approving Interim Controls Regarding Historic Resources

With this resolution, the Commission approves a set of interim controls on Historic Resource protection that will be in effect until the resource surveys are complete and have been adopted by the Commission.

7. Adopt resolution approving Public Benefits Program and Monitoring Procedures

With this resolution, the Commission approves the implementation measures, implementing all of the Area Plan policies as well as monitoring procedures.

8. Adopt resolution instituting interim policies governing “pipeline” projects

With this resolution the Commission establishes interim policies governing pipeline projects that are approved by the Commission before the Eastern Neighborhoods rezoning is adopted by the Board of Supervisors.

9. Adopt Interim PDR Loss and Replacement Policy [adopted 7/31/08]

With this resolution the Commission establishes an interim policy regarding new and replacement PDR space under CEQA (the California Environmental Quality Act) for projects throughout the Eastern Neighborhoods and related areas which may move forward for consideration and possible approval prior to the effective date of the Eastern Neighborhoods zoning controls.

Preliminary Staff Recommendation:

Staff recommends that at this hearing the Commission adopt the resolutions and motions noted above in order to approve the Eastern Neighborhoods Program.

2) Proposed Changes to the April 17, 2008 Initiation Package

When the Commission acts on the resolutions listed above, it will be acting to approve the contents of the April 17 Initiation Package, with specific changes authorized by the Commission. Set forth below are the changes which staff has incorporated into the legislative package presented to the Commission for adoption today, based on direction from the Commission during the recent series of hearings.

The Commission may also make changes to this direction or add direction on new topics at today’s hearing.

Changes to the Zoning or Height Maps:

- 1. 24th Street-Mission Neighborhood Commercial District:** As mapped, the 24th St-Mission District is a Neighborhood Commercial District. *The proposed change would make this a Neighborhood Commercial Transit District, effectively meaning*

that residential density maximums would be removed and parking minimums would be replaced by maximums. Please see Appendix 5 for the affected block and lots.

2. **24th Street-Mission Height Limits:** As mapped, the portion of 24th St. between Shotwell St. and York St. (corners notwithstanding) are permitted up to 45 feet in height. *The proposed change would raise the height to 55 feet for parcels on the corners of Folsom, Harrison, and Bryant Streets. Please see Appendix 5 for the affected block and lots.*
3. **Valencia St. NCT:** As mapped, the western boundary of the Mission Area Plan is Guerrero St. *The proposed change would extend the Mission Area Plan boundaries to include the Valencia St. NC district on the south side of 16th St, thereby ensuring that the entirety of the Valencia Street NC District is rezoned to NCT. Please see Appendix 5 for the affected block and lots.*
4. **Public parcel:** As mapped, the publicly-owned parcel at Folsom and 17th St. (Block 3571 Lot 018) was rezoned from Public (P) to UMU. *The proposed change would revert the zoning to Public (P), consistent with the other public parcels in the Eastern Neighborhoods, none of which were rezoned through this process.*
5. **Chronicle Parcels:** The Chronicle owns a group of parcels in the South of Market, which it proposes to redevelop as a single unit. A small portion of this land holding is in the East SoMa Plan Area, proposed to be zoned to MUR. *The proposed change would leave this small block out of the Eastern Neighborhoods rezoning so that the entire group of parcels may be considered together at a later date. Please see Appendix 5 for the affected block and lots.*
6. **Deletion of Several Parcels along Harrison Street Between Second and Third Street in East SoMa from Rezoning**

The Commission has directed that the parcels listed below be retained at their existing SSO zoning designation and 40-foot height limit.

<u>Lot</u>	<u>Block</u>	<u>Address</u>
001	3763	400-416 2nd Street
099	3763	665 Harrison Street
100	3763	657 Harrison Street
101	3763	653 Harrison Street
105	3763	645 Harrison Street

7. **Central Waterfront PDR District:** As mapped, the southern portion of the Central Waterfront plan area is designated at PDR-2. *The proposed change is to map this area as PDR-1-G.*

Changes to Controls Affecting Offices and Related Uses:

8. **Legitimization of Office-like Uses in PDR and UMU Districts:** As written, proposed controls regarding non-conforming uses allow offices in PDR and Mixed-use Districts to gain legal nonconforming use status only upon clear demonstration of previous change of use to office. *The proposed change is as follows:*
- **Purpose:** to “legitimize” office uses that have been acting as an office, but do not have office permits, similar to the successful Section 179 process developed with the introduction of NC zoning in the 1980s.
 - **Process:** 1) Planning Department provides notification to interested parties of the availability of this process; 2) applicant applies for determination of eligibility to legitimize; 3) 20-day notification process to interested parties; 4) evidence (see criteria below) provided by applicant and interested parties; 5) Zoning Administrator determination within 90 days; 6) If applicable, appeal to the Board of Appeals; 7) legitimization can be sought for up to three years after the adoption of the Eastern Neighborhoods Plan.
 - **Criteria:** 1) Use existing at the time of Eastern Neighborhoods adoption, 2) operating for at least three years before new zoning adopted; 3) is a principal use, not accessory; 4) can provide proof of the above, including (but not limited to): rental or lease agreements, building or other permits, photographs, utility records, declarations, business licenses, and/or payroll tax/business registration records, business service letter.
 - **Applicable geography:** all existing buildings in the Eastern Neighborhoods Mixed Use Districts, the SLI District, and any PDR District.
 - **Parking:** Eastern Neighborhoods code requirements apply.
 - **Other applications:** process could be used to legitimize housing, Integrated PDR, and other uses either permitted before or after adoption of the Eastern Neighborhoods.

9. **Small Enterprise Workspaces:** As written, “incubator” projects consisting of a large number of very small, flexible workspaces, would not be permitted in the PDR districts, due to limitations on office uses. *The proposed change is as follows:*

- **Purpose:** to enable small business incubator buildings that contain a mix of uses that may not otherwise be permitted by the zoning.
- **Definition:** 1) all active uses allowed but residential and heavy industrial; retail is restricted by underlying zoning controls and relevant SUDs , 2) entire building must be S.E.W. or accessory functions, such as parking, 3) 50% of workspaces may be up to 500 square feet, 50% may be up to 2,500 square feet; no workspace may be larger than 2,500 square feet, 4) no merger of workspaces permitted.
- **Applicable geography:** new construction only in the PDR-1-G and PDR-1-D Districts
- **PDR demolition replacement:** waived.
- **Parking:** no minimum; maximum of one space for every 1,000 square feet of occupied floor area.

10. **Integrated PDR Uses:** The following new land use, known as “Integrated PDR” is recognized, as follows:

- **Purpose:** to support businesses that fall between somewhere between office and PDR.
- **New Land Use Definition:** 1) a land use with at least 33% PDR space, 2) all uses must be related activities of the same business, 3) office use is defined in Section 890.70 of the Code, 4) PDR use is defined as an active use that is not residential, retail, institutional, office, laboratory, or storage, and that generally fits into the use categories outlined in Sections 220 and 222-227 of the Code, 5) the PDR use cannot include typical office support functions.
- **Applicable geography** – 1) existing buildings: Permitted in pre-1951 buildings of three-or-more-stories in the Eastern Neighborhoods Mixed Use Districts, PDR-1-D District, and PDR-1-G District; 2) permitted in new

buildings with required replacement of existing PDR space in the PDR-1-D District, and PDR-1-G District

- **Approval:** use permitted as-of-right in applicable geography. Establishment of Integrated PDR use requires registration with the City's Enterprise Zone program, with recordation of a Notice of Special Restrictions (NSR) that requires the property owner to ensure that any occupant or tenant in the building contact OEWD's Enterprise Zone program staff to (1) confirm accuracy of their NAICS code on their Business Registration/Payroll Tax form and (2) access Enterprise Zone tax credits by hiring or retaining qualified employees, with a numerical goal of attaining 25% workforce.
- **Sunset.** After five years from date of adoption of Eastern Neighborhoods zoning, Integrated PDR uses would become conditional. If the Planning Commission at that time believes that these uses have helped meet economic development goals, it would recommend to the Board of Supervisors that as-of-right status for Integrated PDR uses be extended or made permanent.
- **Monitoring:** Utilizing a combination of Payroll tax data and Enterprise Zone registrations, the Planning Department and OEWD will track amount of space permitted for Integrate PDR use, number of existing and new businesses, total employment and utilization rate of Enterprise Zone tax credits (i.e., the number of disadvantaged employees employed by businesses occupying Integrated PDR Buildings. A report summarizing the above data would be presented to the Eastern Neighborhoods CAC and Planning Commission on a periodic basis to assess whether Integrated PDR policies were successful in generating economic growth, employment and specifically employment of EZ-qualified employees.
- **Parking:** No minimum required. Maximum of one space for every 1,000 square feet of occupied floor area.

11. Impact Fees on Legitimized Offices as well as Integrated PDR and Small Enterprise Workspace Uses: The Commission has expressed its intent to establish appropriate fees to mitigate the increased demand that results from

conversion (or “legitimization”) of existing office uses, as well as net new development of Integrated PDR and Small Enterprise Workspace uses, based on the findings of appropriate nexus studies. These fees include the Jobs-Housing Linkage Fee and the Transit Impact Development Fee for all new and legitimized uses, as well as the Eastern Neighborhoods Impact Fee for new uses only.

The Commission has also directed staff to continue work on the development of such fees and in particular on: 1) mechanisms to make payment of such fees less burdensome on existing uses, including exploration of a payment program plan for conversion of existing industrial uses to office or to Integrated PDR, should up-front payment of such fees prove overly burdensome. 2) Exploration of a rebate of 25-50% on fees paid by net new development of Integrated PDR or Small Enterprise Workspace developments, in return for meeting specified hiring goals related to the Enterprise Zone programs

Language has been included in the Commission’s Planning Code Resolution directing staff to continue work on these issues.

Changes to Proposed Retail Controls:

- 12. Grocery stores in PDR-1-D and PDR-1-G Districts:** As written, grocery stores in PDR-1-D and PDR-1-G Districts are subject to the same controls as other retail uses; i.e., limited to 2,500 square feet per parcel in the PDR-1-G District and 5,000 square feet in the PDR-1-D District (Sec. 218). *The proposed change would exempt grocery stores from retail size controls in these districts through a conditional use.*
- 13. Gyms in PDR-1-D and PDR-1-G Districts:** As written, gyms in PDR-1-D and PDR-1-G Districts are subject to the same controls as other personal service uses; i.e., limited to 2,500 square feet per parcel in the PDR-1-G District and 5,000 square feet in the PDR-1-D District (Sec. 218). *The proposed change would exempt gyms from personal service size controls in these districts through a conditional use.*

- 14. Gyms in UMU Districts:** As written, Gyms would be permitted in UMU districts with a conditional use permit, but if larger than 25,000 square feet, would be required to be part of a mixed use project at a ratio of 3 square feet of another permitted use to 1 square foot of gym space. *The proposed change would eliminate this ratio requirement for gyms.*
- 15. 16th St. and 3rd St.:** As written, retail uses along 16th St. in the PDR-1-D and PDR-1-G Districts are subject to the same controls as elsewhere in those districts. *The proposed change would create a Special Use District to allow retail uses along 16th St. to have the same retail controls as the UMU District; 3,999 square feet per use as of right, with a conditional use authorization needed for larger retail, and a per parcel limit of 25,000 square feet, above which the project needs to be part of a mixed use project.:*
- Per Commission direction on July 31, 2008, this UMU retail controls are also added to all PDR-zoned parcels touching 3rd Street in the Central Waterfront plan area.
- 16. Retail in the Innovative Industries Special Use District:** As written, retail controls in the Innovative Industries Special Use District are the same as the underlying district (Sec. 249.36). *The proposed change would enable UMU retail controls in the Central Waterfront Innovative Industries Special Use District.*
- 17. Retail-type office:** As written, office uses would not be permitted on the ground floor in the UMU and MUG districts (Sec. 219.1 and Sec. 803.9(h)). *The proposed change would permit pedestrian-oriented, neighborhood-serving office uses on the ground floor, akin to those permitted in Neighborhood Commercial districts.*
- 18. Car dealerships:** As written, car dealerships are not permitted in the UMU District (Sec. 843). *The proposed change would allow car dealerships to be permitted in the UMU District.*
- 19. Formula Retail Controls in Certain Portions of PDR-1 Districts:** As written, formula retail controls do not apply to PDR-1 or PDR-2 districts. *The proposed change would add the requirement for a conditional use permit for formula retail only in those portions of the PDR-1 districts where UMU retail controls will be applied (i.e. along 16th Street in the Mission and on the American Can parcel in the Central*

Waterfront)

Changes to controls affecting institutions:

20. Post-secondary institutions: As written, post-secondary institutions are permitted in the Eastern Neighborhoods Mixed Use Districts (Sec. 840 through Sec. 843). *The proposed change would require post-secondary institutions to receive a conditional use authorization in the MUG, MUR, and UMU Districts.*

Changes to controls affecting housing:

21. Middle Income Option: As written, the middle income alternative would enable certain developments in the UMU District to replace their inclusionary housing requirements with middle income housing affordable at 120-150% of the Area Median Income (Sec. 319.2 and Sec. 319.4)); the percentage of middle income housing required as replacement ranged from 30% for Tier A project, 40% for Tier B projects, and 50% for Tier C projects. *The proposed change would maintain replacement requirements at 30% for Tier A, and reduce those replacement requirements to 35% for Tier B and 40% for Tier C, in order to support the middle income option as a viable alternative to current inclusionary options.*

22. Inclusionary Housing Requirements on Small Parcels in the Eastern Neighborhoods: As written, parcels whose inclusionary housing requirements necessitate the rounding up to the nearest unit must provide that entire unit. *The proposed change would allow project sponsors for projects in the Eastern Neighborhoods of less than 20 units or 25,000 gross square feet to: 1) meet inclusionary housing requirements via the in-lieu fee option, while paying on a fractional or per-square foot basis; 2) pay half of such a fee prior to the issuance of the first site or building permit for the project applicant, and half prior to issuance of the Temporary Certificate of Occupancy (TCO).*

23. Student Housing: As written, student housing is not permitted in the PDR-1-D District. *The proposed change would be to permit student housing in the PDR-1-D District, while exempting student housing from the inclusionary requirement. The change would also create a new definition of student housing, to enable it to be*

controlled differently from other housing and institutional uses.

- 24. Single Room Occupancy (SRO) Units:** As written, an SRO building contains one or more SRO units (Sec. 890.88). *The proposed change would redefine SRO buildings as a building containing only SRO units.*
- 25. RTO “Soft Cap”:** As written, in the RTO district, density caps are removed except that a CU is required for densities higher than one unit per 600 sq. ft of lot area. The proposed change would create a new “RTO-Mission” zoning district that does not include the CU requirement for densities higher than one unit per 600 sq. ft of lot area.

Proposed Changes to Historic Preservation Interim Controls:

- 26. Interim procedures - codification:** As written, the interim procedures for review of historic buildings would be Planning Commission policy. *The proposed change would make these Planning Code requirements in order to ensure that the Eastern Neighborhoods is handled consistently with recent changes to the Market and Octavia plan.*
- 27. Interim Procedures – height threshold:** As written, the policy requires that all projects over 50 feet in height or 10 feet taller than adjacent buildings must be presented to the Landmarks Preservation Advisory Board for review and comment. *The proposed change would require that all projects 55 feet or 10 feet taller than adjacent buildings must be presented to the Landmarks Preservation Advisory Board.* This change was made because height districts are no longer set at 50 feet but rather at 55 or 58 feet.

Changes affecting PDR uses:

- 28. Automotive wash in UMU:** As written, automotive wash is permitted as-of-right (Sec. 843.72). *The proposed change would require that automotive washes would require a conditional use authorization, in keeping with the current C-M zoning.*

29. PDR Demolition Controls in the Life Science – Medical SUD: As written, PDR demolition controls still apply in the Life Science SUD (249.36). *The proposed change would lift this requirement for PDR parcels in the Life Science SUD for life science and/or medical office developments.*

Changes affecting Nighttime Entertainment Uses:

30. Other entertainment in the SoMa NCT: As written, the SoMa NCT allows other entertainment as-of-right (735.48). *The proposed change would make nighttime entertainment not permitted in the SoMa NCT, in keeping with the existing underlying zoning of RSD and SLR.*

Changes affecting parking controls

31. Parking for Laboratories: As written, there is no distinct control for parking for laboratories established in the code – they are considered “other industrial” and parked at up to one space per 1,500 gross square feet (per Sec. 151.1). *The proposed change would be to establish distinct parking controls for laboratory, and maintain the control at up to one space per 1,500 gross square feet.*

32. Parking for Single Room Occupancy (SRO) Units: As written, parking for SRO units is currently one space for every 20 units (Sec. 151.1). *The proposed change would be to control parking for SROs in a manner equivalent to other small dwelling units in the Eastern Neighborhoods Mixed Use Districts (controls vary by district).*

Change affecting Institutions:

33. Youth and Family Zone: The South of Market Community Action Network (SomCan) has identified an area of the South of Market, bounded approximately by Harrison, Fifth, Howard and Seventh Streets, which currently serves a large population of youth and families. SomCan has requested a number of changes to the zoning in these areas. Staff, after meeting with SomCan representatives, proposes the following change for the Commission’s consideration: making sure the SoMa NCT allows youth and senior centers, and recreational centers.

Changes to Area Plan Policies:

- 34. Youth and Family Zone:** The South of Market Community Action Network (SomCan) has identified an area of the South of Market, bounded approximately by Harrison, Fifth, Howard and Seventh Streets, which currently serves a large population of youth and families. SomCan has requested a number of changes to the zoning in these areas. Staff, after meeting with SomCan representatives, proposes the following change for the Commission's consideration: adding a policy in the East SoMa Plan that acknowledges this concentration of youth and families and encourages uses that support families and youth such as clinics, open space, and recreational centers.
- 35. Potrero Hill Public Housing:** As written, the Potrero Hill/Showplace Square Area Plan does not discuss any potential rezoning in the vicinity of the Potrero Hill Public Housing development. *The proposed change would amend two policies in the Land Use section and create a new policy in the Housing section of the Potrero Hill/Showplace Square Area Plan to facilitate any future rezoning necessary to support the redevelopment of the Potrero Housing Projects through the Hope SF program.*
- 36. Protecting Murals and other Public Artwork in the Mission:** While not traditional historic structures, murals and other public artwork are important cultural resources that deserve protection and recognition. *The proposed change would add a policy to the Mission Area Plan directing the Planning Department and Art Commission to study how these works can be designated or recognized and how they can be expanded and strengthened as new construction occurs nearby.*

Changes affecting building design standards:

- 37. Transparency:** As written, all ground floor frontages on primary streets are required to have 60% transparency, through windows, doors, etc (Sec. 145.1). *The proposed change would remove this requirement from housing and PDR projects, which both benefit from additional privacy.*
- 38. Alley Setbacks:** As written, upper story setbacks are required above 45 feet on new mid-block alleys that are required under Section 270.2. *The proposed change would allow modification or elimination of this setback for mid-block alleys that are wider than the minimum requirement.*

Changes to Process:

39. Noticing: As written, in the Eastern Neighborhoods Mixed Use Districts there are no noticing requirements for demolitions and new construction. *The proposed change would add noticing requirements akin to Sec. 311/312.*

3) Detailed Appendices

Attached to this staff report and incorporated into it are several appendices, as follows:

- **Appendix 1:** Proposed changes to Commission Resolutions which were not included in the July 31 Adoption Package
- **Appendix 2:** Proposed new Planning Code language which was not included in the July 31 Adoption Package
- **Appendix 3:** Changes to General Plan Amendments, Area Plan Policies and Associated Implementation Measures, from April 17, 2008 Initiation Package
- **Appendix 3A:** Additional Changes to the General Plan and the East SoMa Plan
- **Appendix 4:** Changes to Planning Code from April 17, 2008 Initiation Package
- **Appendix 5:** Changes to Zoning Map from April 17, 2008 Initiation Package

Appendix 1: Proposed changes to Commission resolutions which were not included in the July 31 Adoption Package

1. The following change is proposed to the second “resolved” clause of the Commission’s **resolution instituting interim policies governing “pipeline” projects**, in order to make sure that minor permits such as ordinary maintenance and minor alterations are not necessarily subject to a Commission hearing.

AND BE IT FURTHER RESOLVED, that this policy shall be implemented through discretionary review of all pipeline projects that do not comply with the provisions of Section 175.6 as described above and which involve (1) the construction of a new building, (2) the demolition of an existing building, or (3) alterations which involve a change in the number of dwelling units or an increase in the gross square footage of a structure by at least 25 percent.

2. The following change is proposed to the Commission’s **resolution approving amendments to the Planning Code** in order to supersede the Ballpark Vicinity Special Use District.

Add to the Whereas section:

On June 17, 1999, the Planning Commission established by Resolution 14844 an interim policy for automatic Discretionary Review for project and permit applications received after June 17, 1999 which do not conform to the most restrictive of both the current zoning controls in the area designated as the Ballpark Special Use District, and the proposed permanent controls for the area initiated by Planning Commission Resolution 14843. The approval of the Eastern Neighborhoods General Plan, Planning Code and Zoning Map Amendments would supersede both Resolutions by establishing permanent policies and permanent controls which incorporate the proposed controls in Resolution 14834 into the East SoMa Area Plan and the Eastern Neighborhoods Planning Code Amendments.

Add to the Resolved section:

AND BE IT FURTHER RESOLVED, that upon final and effective date of the Eastern Neighborhoods Amendments Planning Commission Resolutions 14844 and

14843 shall be rescinded.

3. The following changes are proposed to the Commission's Planning Code Resolution, in order to give direction on fees for legitimized office uses and new Integrated PDR or Small Enterprise Workspaces

Whereas, The Commission intends to provide for the legitimization of certain uses in the Eastern Neighborhoods currently operating as office as a part of the proposed rezoning of the Eastern Neighborhoods and to allow for the creation of new uses called "Integrated PDR" and "Small Enterprise Workspace.". The Commission furthermore intends to assess fees to mitigate the increased impact that the operation of such uses will have on City infrastructure in the area, according to the studies which demonstrate and calculate the impact of such demands, including the Jobs Housing Linkage Nexus Analysis, performed by Keyser Marston Associates Inc. dated July 1997; the Transit Impact Development Fee (TIDF) Analysis- Final Report performed by Nelson/Nygaard dated May 2001; and the Eastern Neighborhoods Needs Assessment performed by Seifel Consulting dated May 2008. All studies are incorporated herein by reference. However, it should be noted that the establishment of fees to address this increased demand may have a negative impact on existing and new businesses that the City wishes to support, and that measures to mitigate the impact of such fees would have positively effect the City's ability to expand job growth in the Eastern Neighborhoods. Therefore, the Commission hereby expresses its intent to establish appropriate fees to mitigate the increased demand that results from net new development of hybrid office uses, as well as for conversion of formerly industrial uses to hybrid office, office or other workplace uses, based on the findings of the above referenced studies.

AND BE IT FURTHER RESOLVED that the Planning Commission supports the establishment of appropriate fees, based on the staff analysis attached as Exhibit A, for net new development of Integrated PDR and Small Enterprise Workplace uses. The Planning Commission also supports the establishment of appropriate fees for conversion of formerly industrial uses to office, Integrated PDR or Small Enterprise Workspace uses, based on the staff analysis attached as Exhibit A, such fees representing the difference in impacts between new and old uses.

AND BE IT FURTHER RESOLVED, that the Commission directs staff to work further on the development of such fees, and on mechanisms to make payment of such fees less burdensome, including , 1) exploration of a discount of 25-50% on

fees paid by net new development of integrated PDR uses, in return for meeting specified hiring goals related to the Enterprise Zone within five years of receiving certificate of occupancy, and 2) an installment payment plan of approximately three to seven years for fees due upon conversion or legitimization of formerly industrial uses to office or Integrated PDR, should up-front payment of such a fee prove overly burdensome to existing businesses.

Appendix 2: Proposed new code language which was not included in the July 31 Adoption Package

This appendix contains several Planning Code language changes which could not be included in the Adoption Package distributed to the Commission on July 31, 2008. These include the following topics: 1) legitimization; 2) Integrated PDR; 3) small enterprise workspaces; 4) student housing ; 5) 25% expansion for legal nonconforming uses (other than housing); 6) inclusionary housing requirements on small parcels; and 7) retail along 3rd St. The new code language related to these issues is provided below. See Appendix 4 for a complete list of all changes proposed to the Code, including technical changes.

Please note that code language for fees applying to the subjects above has not been drafted by staff. Staff has included clear direction in the Commission's Planning Code resolution directing staff to continue to work on the mechanics of applying these fees.

Changes to the Planning Code:

Note that the rationale for these changes is described above in this staff report.

1. Legitimization: create new Sec. 179.1:

SEC. 179.1. USES LOCATED IN THE EASTERN NEIGHBORHOODS PLAN AREA.

The following provisions shall govern with respect to uses and features located in the Eastern Neighborhoods Plan Area to the extent that there is a conflict between the provisions of this Section and other sections contained in this Article 1.7.

*(a) **Applicability.** This Section shall apply only to property located in any Eastern Neighborhoods Mixed Use District, the SLI District, or any PDR District which is located within the boundaries of the Eastern Neighborhoods Project Area pursuant to Section 327.2(j). This section shall not apply to any Live/Work units as set forth in Sec. 233.*

*(b) **Definitions.** A "Recognized Existing Use" shall mean an actual use of space that existed on the effective date of Ordinance No. _____ for which the required permits have not been obtained. Such uses also may include existing office activities located within a lawfully permitted business*

service use, but may not include any activity located within lawfully permitted live/work use. Recognized Existing Uses shall be limited to include only an activity that:

(1) has been regularly operating, conducting business, or otherwise functioning on a reasonably continuous basis for no less than 3 years prior to the effective date of Ordinance No. _____;

(2) is conducted in a manner generally consistent with the nature of, and any improvements to, the space in which it exists;

(3) is not accessory to any other use;

(4) complies with the discontinuance and abandonment provisions of Section 183 that would otherwise apply to nonconforming uses; and,

(5) is determined to be a Recognized Existing Use by the Zoning Administrator, along with a use size and establishment date, when a property owner requests such determination and provides adequate supporting evidence, which may include but is not necessarily limited to the following: rental or lease agreements, building or other permits, utility records, business licenses, or tax records.

(c) Lawfully Existing Uses. The following provisions shall apply to all lawful existing uses:

(1) Any use or feature in the Eastern Neighborhoods that lawfully existed on the effective date of Ordinance No. _____ which is classified as a principal use by the enactment of Ordinance No. _____ is hereby deemed to be a permitted principal use.

(2) Any use or feature in the Eastern Neighborhoods that lawfully existed on the effective date of Ordinance No. _____ which is classified as a conditional use by the enactment of Ordinance No. _____ is deemed to be a permitted conditional use, subject to the provisions of Section 178 of this Code.

(3) Any use or feature in the Eastern Neighborhoods that lawfully existed on the effective date of Ordinance No. _____ and which use or feature is not permitted by the enactment of Ordinance No. _____ is hereby deemed to be a nonconforming use subject to the provisions of Sections 180 through 186.1 of this Code.

(4) Any use or feature in the Eastern Neighborhoods that was nonconforming under Section 180 of this Code prior to the effective date of Ordinance No. _____, which is classified as a principal use by the enactment of Ordinance No. _____, is deemed to be a permitted principal use.

(5) Any use or feature in the Eastern Neighborhoods that was nonconforming under Section 180 of this Code prior to the effective date of Ordinance No. _____, which is classified as a conditional use by the enactment of Ordinance No. _____, is deemed to be a permitted conditional use, subject to the provisions of Section 178 of this Code.

(6) Any use or feature in the Eastern Neighborhoods that was nonconforming under Section 180 of this Code prior to the effective date of Ordinance No. _____, which continues to be not permitted by operation of Ordinance No. _____, shall still be classified as a nonconforming use, subject to the provisions of Sections 180 through 183 of this Code.

(d) Recognized Existing Uses. A Recognized Existing Use shall be deemed to be a permitted principal use, permitted conditional use, or nonconforming use, only if the use or feature complies with all applicable conditions prescribed in this Subsection; otherwise the use or feature shall be in violation of this Code subject to the provisions of Section 176.

(1) A Recognized Existing Use that is permitted as a principal use by the enactment of Ordinance No. _____, will be deemed to be a permitted principal use if:

(A) An application is filed for all permits necessary to bring the use into compliance with applicable Codes within three years of the effective date of this Section;

(B) The application is subject to only those Planning Code provisions that would have applied to the use at the time it was established, with the following exceptions:

(i) any requirement for a Conditional Use authorization,

(ii) any prohibition of the use itself,

(iii) any off-street parking or loading requirements set forth under Article 1.5; and

(C) The application does not involve any expansion or intensification of the recognized existing use, rather any such expansion or intensification would be proposed under separate application subject to all current Planning Code provisions;

(D) All necessary permits and entitlements are granted; and

(E) All work that is required for Code compliance under all applicable Codes is completed, including the issuance of a Certificate of Final Completion from the Department of Building Inspection, within one year of the granting of the necessary permits and entitlements, except that

this time may be extended an additional one year should delays be caused by a government agency or by legal action.

(2) A Recognized Existing Use that is permitted as a conditional use by the enactment of Ordinance No. _____ and would have been a principally permitted use at the time the use was established, will be deemed to be a permitted conditional use if all the criteria identified in Subsection (e)(1)(A) through (e)(1)(E), above, are met.

(3) A Recognized Existing Use that is not a permitted use by the enactment of Ordinance No. _____, and would have been a principally permitted use at the time it was established, will be deemed to be a nonconforming use if all the criteria identified in Subsection (e)(1)(A) through (e)(1)(E), above, are met.

(4) A Recognized Existing Use that is permitted as a conditional use by the enactment of Ordinance No. _____, and would have been permitted as a conditional use at the time it was established, will be deemed to be a permitted conditional use if:

(A) Application are filed for (1) conditional use authorization pursuant to the provisions of Article 3 of this Code and (2) all permits necessary to bring the use into compliance with applicable Codes within 3 years of the effective date of this Section; and

(B) The application is subject to only those Planning Code provisions which would have applied to the use at the time it was established, with the following exceptions:

(i) any prohibition of the use itself, and

(ii) any off-street parking or loading requirements set forth under Article 1.5; and

(C) The application does not involve any expansion or intensification of the recognized existing use, rather any such expansion or intensification would be proposed under separate application subject to all current Planning Code provisions; and

(D) The conditional use is authorized the City grants all and all other necessary permits and entitlements for the use; and

(E) All work that is required for Code compliance under all applicable Codes is completed, including the issuance of a Certificate of Final Completion from the Department of Building Inspection, within one year of the granting of the necessary permits and entitlements, except that

this time may be extended an additional one year should delays be caused by a government agency or by legal action.

(5) A Recognized Existing Use that is not a permitted use by the enactment of Ordinance No. _____, and which would have been permitted as a conditional use at the time it was established, will be deemed a nonconforming use if all the criteria identified in Subsection (e)(4)(A) through (e)(4)(D), above, are met.

(6) A Recognized Existing Use that is permitted as a conditional use by the enactment of Ordinance No. _____, and which was not permitted at the time the use was established, will be deemed to be a permitted conditional use if all the criteria identified in Subsection (e)(4)(A) through (e)(4)(D), above, are met.

(e) Existing Uses Which Are Not Permitted. Any use that existed on the effective date of Ordinance No. _____ for which the required permits have not been obtained, and which use was not permitted either (1) at the time the use was established or (2) by the enactment of Ordinance No. _____ shall be in violation of this Code, subject to the provisions of Section 176 of this Code.

2. Integrated PDR: create new Sections 890.49 and 175.8, and add controls in Sections 227, 814, 840, 841, 842, and 843:

SEC. 890.49. INTEGRATED PDR.

(a) Integrated PDR is a land use that meets the following requirements:

(1) Contains at least 33% PDR activities;

(2) Does not include residential activities;

(3) The remaining space may contain office uses, as defined in Sec. 890.70, or any use permitted in the subject zoning district, as long as:

(A) Retail space is limited to 33% of the total space; and

(B) All uses in the space are conducted as integral and related parts of a single business activity or enterprise;

(4) For purposes of this definition, PDR activities are those that:

(A) Are generally consistent with Code Sections 220 and 222 through 227 or involve the fabrication, testing, distribution, maintenance, or repair of physical goods;

(B) Are not:

(i) Residential (as defined in Section 890.88);

(ii) Retail (as defined in Sections 890.102 and 890.104);

(iii) Institutional (as defined in Section 890.50);

(iv) Office (as defined in Section 890.70);

(v) Laboratory (as defined in Section 890.52); or

(vi) Storage (as defined in Sec. 890.54(c));

(C) May include any non-office uses that integrate multimedia, informational technology, or software development functions;

(D) Do not include typical office support functions; and

(E) Occur in space specifically designed to accommodate the industrial nature of the PDR activities.

(5) Any retail space contained within the Integrated PDR use shall not count against any per-parcel retail limits of the subject zoning district.

(b) Integrated PDR uses are subject to the following requirements:

(1) These uses are only permitted in buildings:

(A) That were constructed before 1951 which were at least three stories in height above grade, excluding those building features listed in Section 260(b) and related structures, as of the effective date of Ordinance Number _____; or

(B) For which a first certificate of occupancy was issued after the effective date of Ordinance Number _____;

(2) A Notice of Special Restriction (NSR) shall be recorded on the title of any property containing an Integrated PDR use. This NSR shall require that the property owner:

(A) Ensure that all existing or new tenants or occupants in Integrated PDR buildings contact the Office of Economic and Workforce Development. The purpose of this contact is to confirm the

accuracy of each tenant's or occupant's NAICS code on their Business Registration and Payroll Tax forms, collect basic information on the nature of each tenant's or occupant's business and to inform the tenant or occupant of available tax credits and other benefits of the state and local Enterprise Zone program; and

(B) Report annually on any reallocation of space within an Integrated PDR tenant.

SEC. 175.8. SUNSET FOR INTEGRATED PDR USES.

Any Integrated PDR use (as defined in Sec. 890.49) permitted by this Code will require conditional use authorization five years after the effective date of Ordinance Number _____ in order to allow for greater scrutiny of Integrated PDR uses in light of the City's Enterprise Zone Payroll Tax Credit program. The Planning Commission and Board of Supervisors should consider revising this control to continue permitting Integrated PDR uses if data show that 25 percent of all employees in areas Integrated PDR uses are eligible for the City's Enterprise Zone Payroll Tax Credit.

4. Student Housing: add new definitions in Sections 315.1(38) and controls in Sections 315.3(c)(5), 207.6(b)(3), 215(d), 814, 840, 841, 842, and 843:

SEC. 315.1. DEFINITIONS.

The following definitions shall govern interpretation of this ordinance:

(1) "Affordable housing project" shall mean a housing project containing units constructed to satisfy the requirements of Sections 315.4 or 315.5.

(2) "Affordable to a household" shall mean a purchase price that a household can afford to pay based on an annual payment for all housing costs, as defined in California Code of Regulations ("CCR") Title 25, Section 6920, as amended from time to time, of 33 percent of the combined household annual gross income, assuming a down payment recommended by the Mayor's Office of Housing in the Procedures Manual, and available financing, or a rent that does not exceed 30 percent of a household's combined annual gross income. Where applicable, the purchase price or rent may be adjusted to reflect the absence or existence of a parking space(s), subject to the Department's policy on unbundled parking for affordable housing units as specified in the Procedures Manual and amended from time to time.

(3) "Affordable to qualifying households" shall mean:

(A) With respect to owned units, the average purchase price on the initial sale of all affordable owned units in an affordable housing project shall not exceed the allowable average purchase price and all units must be sold only to households with annual gross incomes up to and including 120 percent of median income for the City and County of San Francisco. In addition, each unit shall be sold:

(i) Only to households with an annual gross income equal to or less than the qualifying limits for a household of moderate income, adjusted for household size;

(ii) On the initial sale, at or below the maximum purchase price; and

(iii) On subsequent sales at or below the prices to be determined by the Director Mayor's Office of Housing in the Conditions of Approval or Notice of Special Restrictions according to the formula specified in the Procedures Manual, as amended from time to time, such that the units remain affordable to qualifying households. The formula in the Procedures Manual may permit the seller to include certain allowable capital improvements in the sales price.

(B) With respect to rental units in an affordable housing project, the average annual rent, including the cost utilities paid by the tenant according to HUD utility allowance

established by the San Francisco Housing Authority, shall not exceed the allowable average annual rent. Each unit shall be rented:

- (i) Only to households with an annual gross income equal to or less than the qualifying limits for a household of low income as defined in this Section;
- (ii) At or less than the maximum annual rent.

(4) "Allowable average purchase price" shall mean a price for all affordable owned units of the size indicated below that are affordable to a household of median income as defined in this Section, adjusted for the household size indicated below as of the date of the close of escrow, and, where applicable, adjusted to reflect the Department's policy on unbundled parking for affordable housing units as specified in the Procedures Manual and amended from time to time:

TABLE INSET:

Number of Bedrooms (or, for live/work units square foot equivalency)	Number of Persons in Household
0 (Less than 600 square feet)	1
1 (601 to 850 square feet)	2
2 (851 to 1,100 square feet)	3
3 (1,101 to 1,300 square feet)	4
4 (More than 1,300 square feet)	5

(5) "Allowable average annual rent" shall mean annual rent for an affordable rental unit of the size indicated below that is 30 percent of the annual gross income of a household of median income as defined in this Section, adjusted for the household size indicated below, and, where applicable, adjusted to reflect the Department's policy on unbundled parking for affordable housing units as specified in the Procedures Manual and amended from time to time:

TABLE INSET:

Number of Bedrooms (or, for live/work units square foot equivalency)	Number of Persons in Household
0 (Less than 600 square feet)	1
1 (601 to 850 square feet)	2
2 (851 to 1,100 square feet)	3
3 (1,101 to 1,300 square feet)	4
4 (More than 1,300 square feet)	5

(6) "Annual gross income" shall mean gross income as defined in CCR Title 25, Section 6914, as amended from time to time, except that the Mayor's Office of Housing may, in order to promote consistency with the procedures of the San Francisco Redevelopment Agency, develop an asset test that differs from the State definition if it publishes that test in the Procedures Manual.

(7) "Average annual rent" shall mean the total annual rent for the calendar year charged by a housing project for all affordable rental units in the project of an equal number of bedrooms divided by the total number of affordable units in the project with that number of bedrooms.

(8) "Average purchase price" shall mean the purchase price for all affordable owned units in an affordable housing project of an equal number of bedrooms divided by the total number of affordable units in the project with that number of bedrooms.

(9) "Community apartment" shall be as defined in San Francisco Subdivision Code Section 1308(b).

(9a) "Conditional use" for purposes of this Ordinance means a conditional use authorization which, pursuant to the Planning Code, is required for the residential component of a project.

(10) "Conditions of approval" shall be a set of written conditions imposed by the Planning Commission or another permit-issuing City agency or appellate body to which a

project applicant agrees to adhere and fulfill when it receives a conditional use or planned unit development permit for the construction of a principal project or other housing project subject to this Program.

(11) "Condominium" shall be as defined in California Civil Code Section 783.

(12) "Director" shall mean the Director of City Planning or his or her designee, including other City agencies or departments.

(13) "First certificate of occupancy" shall mean either a temporary certificate of occupancy or a Certificate of Final Completion and Occupancy as defined in San Francisco Building Code Section 109, whichever is issued first.

(14) Intentionally Left Blank.

(15) "Household" shall mean any person or persons who reside or intend to reside in the same housing unit.

(16) "Household of low income" shall mean a household whose combined annual gross income for all members does not exceed 60 percent of median income for the City and County of San Francisco, as calculated by the Mayor's Office of Housing using data from the United States Department of Housing and Urban Development (HUD) and adjusted for household size or, if data from HUD is unavailable, calculated by the Mayor's Office of Housing using other publicly available and credible data and adjusted for household size.

(17) "Household of median income" shall mean a household whose combined annual gross income for all members does not exceed 100 percent of the median income for the City and County of San Francisco, as calculated by the Mayor's Office of Housing using data from the United States Department of Housing and Urban Development (HUD) and adjusted for household size or, if data from HUD is unavailable, calculated by the Mayor's Office of Housing using other publicly available and credible data and adjusted for household size.

(17A) "Household of moderate income" shall mean a household whose combined annual gross income for all members does not exceed 120 percent of the median income for the City and County of San Francisco, as calculated by the Mayor's Office of Housing using data from the United States Department of Housing and Urban Development (HUD) and adjusted for household size or, if data from HUD is unavailable, calculated by

the Mayor's Office of Housing using other publicly available and credible data and adjusted for household size.

(18) "Housing project" shall mean any development which has residential units as defined in the Planning Code, including but not limited to dwellings, group housing, independent living units, and other forms of development which are intended to provide long-term housing to individuals and households. "Housing project" shall not include that portion of a development that qualifies as an Institutional Use under the Planning Code. "Housing project" for purposes of this Program shall also include the development of live/work units as defined by Planning Code Section 102.13. Housing project for purposes of this Program shall mean all phases or elements of a multi-phase or multiple lot residential development.

(19) "Housing unit" or "unit" shall mean a dwelling unit as defined in San Francisco Housing Code Section 401.

(20) "Live/work unit" shall be as defined in San Francisco Planning Code Section 102.13.

(21) "Live/work project" shall mean a housing project containing more than one live/work unit.

(22) "Long term housing" shall mean housing intended for occupancy by a person or persons for 32 consecutive days or longer.

(23) "Market rate housing" shall mean housing constructed in the principal project that is not subject to sales or rental restrictions.

(24) "Maximum annual rent" shall mean the maximum rent that a housing developer may charge any tenant occupying an affordable unit for the calendar year. The maximum annual rent for an affordable housing unit of the size indicated below shall be no more than 30 percent of the annual gross income for a household of low income as defined in this Section, as adjusted for the household size indicated below as of the first date of the tenancy:

TABLE INSET:

Number of Bedrooms (or, for live/work units square foot equivalency)	Number of Persons in Household
0 (Less than 600 square feet)	1
1 (601 to 850 square feet)	2
2 (851 to 1100 square feet)	3
3 (1101 to 1300 square feet)	4
4 (More than 1300 square feet)	5

(25) "Maximum purchase price" shall mean the maximum purchase price for an affordable owned unit of the size indicated below that is affordable to a household of moderate income, adjusted for the household size indicated below, assuming an annual payment for all housing costs of 33 percent of the combined household annual gross income, a down payment recommended by MOH and set forth in the Procedures Manual, and available financing:

TABLE INSET:

Number of Bedrooms (or, for live/work units square foot equivalency)	Number of Persons in Household
0 (Less than 600 square feet)	1
1 (601 to 850 square feet)	2
2 (851 to 1100 square feet)	3
3 (1101 to 1300 square feet)	4
4 (More than 1300 square feet)	5

(25A) "Mayor's Office of Housing" shall mean the Mayor's Office of Housing or its successor.

(26) "Notice of Special Restrictions" shall mean a document recorded with the San Francisco Recorder's Office for any unit subject to this Program detailing the sale and resale or rental restrictions and any restrictions on purchaser or tenant income levels included as a Condition of Approval of the principal project relating to the unit.

(27) "Off-site unit" shall mean a unit affordable to qualifying households constructed pursuant to this Ordinance on a site other than the site of the principal project.

(28) "On-site unit" shall mean a unit affordable to qualifying households constructed pursuant to this Ordinance on the site of the principal project.

(29) "Ordinance" shall mean Planning Code Sections 315.1 through 315.9.

(30) "Owned unit" shall mean a unit affordable to qualifying households which is a condominium, stock cooperative, community apartment, or detached single-family home. The owner or owners of an owned unit must occupy the unit as their primary residence.

(31) "Owner" shall mean the record owner of the fee or a vendee in possession.

(32) "Principal project" shall mean a housing development on which a requirement to provide affordable housing units is imposed.

(33) "Procedures Manual" shall mean the City and County of San Francisco Affordable Housing Monitoring Procedures Manual issued by the San Francisco Department of City Planning, as amended.

(34) "Program" shall mean the Residential Inclusionary Affordable Housing Program.

(35) "Project applicant" shall mean an applicant for a building permit or a site permit or an applicant for a conditional use permit or planned unit development permit, seeking approval from the Planning Commission or Planning Department for construction of a housing project subject to this Section, such applicant's successors and assigns.

(36) "Rent" or "rental" shall mean the total charges for rent, utilities, and related housing services to each household occupying an affordable unit.

(37) "Rental unit" shall mean a unit affordable to qualifying households which is not a condominium, stock cooperative, or community apartment.

(38) "Student housing" shall mean a building where 100 percent of the residential uses are affiliated with and operated by an accredited post-secondary educational institution. This housing shall providing lodging or both meals and lodging, by prearrangement for one week or more at a time. This definition only applies in the Eastern Neighborhoods Mixed Use Districts and the PDR-1-D District.

SEC. 315.3. APPLICATION.

(a) This Ordinance shall apply to any housing project that consists of five or more units where an individual project or a phased project is to be undertaken and where the total undertaking comprises a project with five or more units, even if the development is on separate but adjacent lots; and

(1) Does not require Planning Commission approval as a conditional use or planned unit development;

(2) Requires Planning Commission approval as a conditional use or planned unit development;

(3) Consists of live/work units as defined by Planning Code Section 102.13; or

(4) Requires Planning Commission approval of replacement housing destroyed by earthquake, fire or natural disaster only where the destroyed housing included units restricted under the Residential Inclusionary Housing Program or the City's predecessor inclusionary housing policy, condominium conversion requirements, or other affordable housing program.

(b) This Ordinance shall apply to all housing projects that have not received a first site or building permit on or before the effective date of this ordinance with the following exceptions. Until these application dates take effect as described below, the provisions of the Ordinance as it exists on July 18, 2006 shall govern.

(1) The amendments to the off-site requirements in Section 315.5(c) and (d) relating to location and type of off-site housing, and Section 315.4(e) relating to when a developer shall declare whether it will choose an alternative to the on-site requirement shall apply only to projects that receive their Planning Commission or Department approval on or after the effective date of this legislation.

(2) The amendments to the percentage-requirements of this Ordinance that govern the number of affordable units a housing project is required to provide in Section 315.4(a) and 315.5(a) apply only to housing projects that submit their first application, including an environmental evaluation application or any other Planning Department or Building Department application, on or after July 18, 2006. Notwithstanding the foregoing, the amendments to the percentage-requirements of this Ordinance also apply to any project that has not received its final Planning Commission or Department approvals before July 18, 2006 for housing projects that receive a Zoning Map amendment or Planning Code text amendment related to their project approvals that (A) results in a net increase in the number of permissible residential units, or (B) results in a material increase in the net permissible residential square footage. For purposes of subsection B above a material increase shall mean an increase of 5 percent or more, or an increase in 10,000 square feet or more, whichever is less.

(3) The amendments in Section 315.1 to the way median income is calculated apply to any housing project that has not received a first site or building permit by the effective date of this Ordinance. (4) This Ordinance shall apply to all housing projects of 5 to 9 units that filed their first application, including an environmental evaluation application or any other Planning Department application on or after July 18, 2006.

(c) This Ordinance shall not apply to:

(1) That portion of a housing project located on property owned by the United States or any of its agencies or leased by the United States or any of its agencies for a period in excess of 50 years, with the exception of such property not used exclusively for a governmental purpose;

(2) That portion of a housing project located on property owned by the State of California or any of its agencies, with the exception of such property not used exclusively for a governmental or educational purpose; ~~or~~

(3) That portion of a housing project located on property under the jurisdiction of the San Francisco Redevelopment Agency or the Port of San Francisco where the application of this Ordinance is prohibited by California or local law;

(4) That portion of a housing project for which a project applicant can demonstrate that an impact fee under the Jobs-Housing Linkage Program, commencing with Planning Code Section 313, has been paid- : or

(5) Student housing, as defined in Section 315.1.38. However, any change of use from student housing to another kind of dwelling unit will require full compliance with the inclusionary housing requirements of Section 315.

(d) Waiver or Reduction:

(1) A project applicant of any project subject to the requirements in this Program may appeal to the Board of Supervisors for a reduction, adjustment, or waiver of the requirements based upon the absence of any reasonable relationship or nexus between the impact of development and either the amount of the fee charged or the inclusionary requirement.

(2) A project applicant subject to the requirements of this Program who has received an approved building permit, conditional use permit or similar discretionary approval and who submits a new or revised building permit, conditional use permit or similar discretionary approval for the same property may appeal for a reduction, adjustment or waiver of the requirements with respect to the number of lots or square footage of construction previously approved.

(3) Any such appeal shall be made in writing and filed with the Clerk of the Board no later than 15 days after the date the Planning Department sends notice to the project applicant of the number of affordable units required as provided in Section 315.4(a) and 315.5(a). The appeal shall set forth in detail the factual and legal basis for the claim of waiver, reduction, or adjustment. The Board of Supervisors shall consider the appeal at the hearing within 60 days after the filing of the appeal. The appellant shall bear the burden of presenting substantial evidence to support the appeal, including comparable technical information to support appellant's position. The decision of the Board shall be by a simple majority vote and shall be final. If a reduction, adjustment, or waiver is granted, any change in use within the project shall invalidate the waiver, adjustment, or reduction of the fee or inclusionary requirement. If the Board grants a reduction, adjustment or waiver, the Clerk of the Board shall promptly transmit the nature and extent of the reduction, adjustment or waiver to the Treasurer.

(e) For projects that have received a first site or building permit prior to the effective date of this legislation, the requirements in effect prior to the effective date of this Ordinance shall apply.

**SEC. 207.6. REQUIRED MINIMUM DWELLING UNIT MIX ~~AND UNIT DIVISION~~
~~RESTRICTIONS IN RTO, AND NCT, DTR, AND EASTERN NEIGHBORHOODS MIXED~~
USE DISTRICTS.**

(a) Purpose. ~~In order to foster flexible and creative infill development while maintaining the character of the district, d~~ Dwelling unit density is not controlled by lot area in RTO, ~~and~~ NCT, ~~and Eastern Neighborhoods Mixed Use~~ Districts, ~~which are well served by transit and services within walking distance, but rather~~ by the physical constraints of ~~the this~~ Code (such as height, bulk, setbacks, open space, and dwelling unit exposure), ~~in order to foster flexible and creative infill development while maintaining the character of the district.~~ However, to ensure an adequate supply of family-sized units in existing and new housing stock, ~~subdivision of existing units is restricted and~~ new residential construction must include a minimum percentage of units of at least 2 bedrooms ~~or more.~~

(b) Applicability.

(1) This Section shall apply in the RTO, NCT, DTR and Eastern Neighborhoods Mixed Use Districts,

(2) This Section shall apply to all applications for building permits and/or Planning Commission entitlements which propose the creation of five or more dwelling units.

(3) This Section does not apply to buildings for which 100 percent of the residential uses are: group housing, dwelling units which are provided at below market rates pursuant to Section 326.3(h)(2)(B) of this Code, Single Room Occupancy Units, student housing (as defined in Sec. 315.1.38), or housing specifically and permanently designated for seniors or persons with physical disabilities. In RTO and NCT districts, for newly constructed residential projects or additions with 5 dwelling units or greater, no less than 40 percent of all dwelling units on site must have at least two bedrooms or more. This requirement does not apply to group housing; housing designated for seniors or persons with physical disabilities; or permanently affordable housing projects meeting the criteria of Section 326.3(h)(2)(b).

(c) Controls.

(1) For the RTO, Hayes-Gough NCT, Upper Market Street NCT, and NCT-3 districts, no less than 40 percent of the total number of dwelling units on site shall contain at least two bedrooms. Any fraction resulting from this calculation shall be rounded to the nearest whole number of dwelling units. While existing dwelling units in buildings which do not comply with this Subsection need not be expanded to meet this requirement, all new dwelling units shall provide at least two bedrooms when less than 40 percent of the total number of dwelling units contain less than two bedrooms.

(2) For all other RTO and NCT districts, as well as DTR and Eastern Neighborhoods Mixed Use Districts, no less than 40 percent of the total number of proposed dwelling units shall contain at least two bedrooms. Any fraction resulting from this calculation shall be rounded to the nearest whole number of dwelling units.

(d) Modifications.

(1) In NCT and RTO Districts, these requirements may be waived or modified with Conditional Use Authorization. In addition to those conditions set forth in Section 303, the Planning Commission shall consider the following criteria:

(A) The project demonstrates a need or mission to serve unique populations, or

(B) The project site or existing building(s), if any, feature physical constraints that make it unreasonable to fulfill these requirements.

(2) In Eastern Neighborhoods Mixed Use Districts, these requirements may be waived in return for provision of family-sized affordable units, pursuant to Section 319.4(b). To receive this waiver, 100 percent of the total number of inclusionary units required under Section 315.4 or Section 319.4 shall contain at least two bedrooms. Also in Eastern Neighborhoods Mixed Use Districts, these requirements may be waived or modified through the Variance process set forth in Section 305, or in the case of projects subject to Section 309.2, through the procedures of that section.

(3) In DTR Districts, these requirements may be modified per the procedures of Section 309.1. The Planning Commission may waive the requirements of subsection (b) via Conditional Use procedures with one or more of the following affirmative findings:

(1) the project demonstrates a need or mission to serve unique populations, or (2) the project site or subject building features physical constraints that make it unreasonable to fulfill the requirement.

~~(c) The Planning Commission may waive the requirements of subsection (b) via Conditional Use procedures with one or more of the following affirmative findings:~~

~~(1) the project demonstrates a need or mission to serve unique populations, or (2)~~

~~(d) Division of any existing dwelling unit into two or more units in RTO and NCT districts shall be permitted only if it meets both of the following conditions:~~

~~The existing unit exceeds 2,000 occupied square feet or contains more than 3 bedrooms; and~~

~~At least one of the resulting units is no less than 2 bedrooms and 1,250 square feet in size.~~

5. Ability for nonconforming uses to expand by 25%: create new Section 181(i):

SEC. 181. NONCONFORMING USES: ENLARGEMENTS, ALTERATIONS AND RECONSTRUCTION.

The following provisions shall apply to non-conforming uses with respect to enlargements, alterations and reconstruction:

(a) A nonconforming use, and any structure occupied by such use, shall not be enlarged, intensified, extended, or moved to another location, with the exception of the construction of a mezzanine within a live/work unit and expansion of dwelling units in PDR Districts, unless the result will be elimination of the nonconforming use, except as provided in Paragraph (b)(3) and (i) below and Section 186.1 of this Code. A nonconforming use shall not be extended to occupy additional space in a structure, or additional land outside a structure, or space in another structure, or to displace any other use, except as provided in Sections 182 and 186.1 of this Code.

(b) A structure occupied by a nonconforming use shall not be constructed, reconstructed or altered, unless the result will be elimination of the nonconforming use, except as provided in Section 186.1 of this Code and in Subsections (a) above and (d), (e), (f) and (g) below, and except as follows:

(1) Ordinary maintenance and minor repairs shall be permitted where necessary to keep the structure in sound condition, as well as minor alterations, where such work is limited to replacement of existing materials with similar materials placed in a similar manner.

(2) Minor alterations shall be permitted where ordered by an appropriate public official to correct immediate hazards to health or safety, or to carry out newly enacted retroactive requirements essential to health or safety.

(3) Alterations otherwise allowed by this Code shall be permitted for any portion of the structure that will not thereafter be occupied by the nonconforming use, provided the nonconforming use is not enlarged, intensified, extended, or moved to another location.

(4) All other alterations of a structural nature shall be permitted only to the extent that the aggregate total cost of such other structural alterations, as estimated by the Department of Public Works, is less than 1/2 of the assessed valuation of the improvements prior to the first such alteration, except that structural alterations required to reinforce the structure to meet the standards for seismic loads and forces of the Building Code shall be permitted without regard to cost.

(c) A dwelling or other housing structure exceeding the permitted density of dwelling units or other housing units set forth in Sections 207.5, 208, 209.1, ~~or 209.2~~, or 215 of this Code for the district in which it is located shall be classified as a nonconforming use under Section 180 of this Code, but only to the extent that such dwelling or other housing structure exceeds the permitted density. This Section 181 shall apply with respect to enlargements, alterations and reconstruction of the nonconforming portion of such dwelling or other housing structure, consisting of those dwelling units or other housing units which exceed the permitted density. Any dwelling unit or other housing unit coming within the density limit shall not be affected by this Section 181. Except as provided in Sections 181(h) and 182(e), no dwelling or other housing structure exceeding the permitted density of dwelling units or other housing units shall be altered to increase the number of dwelling units or other housing units therein, or to increase or create any other

nonconformity with respect to the dwelling unit or other housing unit density limitations of Section 209.1 or Section 209.2.

(d) Notwithstanding the foregoing provisions of this Section 181, a structure occupied by a nonconforming use that is damaged or destroyed by fire, or other calamity, or by Act of God, or by the public enemy, may be restored to its former condition and use; provided that such restoration is permitted by the Building Code, and is started within one year and diligently prosecuted to completion. The age of such a structure for the purposes of Sections 184 and 185 shall nevertheless be computed from the date of the original construction of the structure. Except as provided in Subsection (e) below, no structure occupied by a nonconforming use that is voluntarily razed or required by law to be razed by the owner thereof may thereafter be restored except in full conformity with the use limitations of this Code.

For purposes of this Subsection, any dwelling unit or other housing unit in a structure that has, in whole or substantial part, been determined by the Director of Public Works to be unsafe to occupy or that will require substantial repair due to damage caused by the earthquake that occurred in San Francisco on October 17, 1989 and its associated aftershocks, may be restored and recorded as a lawfully permitted unit even if its prior lawful existence cannot be established if (1) the permit applicant can demonstrate to the satisfaction of the Zoning Administrator that the unit has been occupied within one year prior to the earthquake, and (2) the unit is brought into compliance with the Building Code, Housing Code, Fire Code and any applicable requirements of State and Federal law. Any dwelling unit or other housing unit legalized pursuant to this Subsection shall be offered to the previous tenant, or if that tenant does not desire to reoccupy such unit, to any tenant on reoccupancy at the rent which was charged prior to the earthquake. If the amount of rent cannot be established to the satisfaction of the Zoning Administrator, the Zoning Administrator shall set a rent that is affordable to households making 80 percent of the median income in San Francisco, according to guidelines established by the Mayor's Office of Housing.

(e) In order that major life safety hazards in structures may be eliminated as expeditiously as possible, a structure containing nonconforming uses and constructed of unreinforced masonry that is inconsistent with the requirements of the UMB Seismic

Retrofit Ordinance, Ordinance No. 227-92, may be demolished and reconstructed with the same nonconforming use or a use as permitted by Planning Code Section 182; provided that there is no increase in any nonconformity, or any new nonconformity, with respect to the use limitations of this Code; provided further that the current requirements of the Building Code, the Housing Code and other applicable portions of the Municipal Code are met; and provided further that such restoration or reconstruction is started within one year after razing or other demolition work on the structure and diligently prosecuted to completion.

(f) A nighttime entertainment use within the ~~South of Market~~ RSD, MUG, MUR, or SLR Districts may be enlarged, intensified, extended or expanded, including the expansion to an adjacent lot or lots, provided that: (1) the enlargement, intensification, extension or expansion is approved as a conditional use pursuant to Sections 303 and 316 of this Code; (2) the use as a whole meets the parking and signage requirements, floor area ratio limit, height and bulk limit, and all other requirements of this Code which would apply if the use were a permitted one; and (3) the provisions of Section 803.5(~~b~~h) of this Code are satisfied.

(g) Automotive sales and service signs within the Automotive Special Use District which have all required permits but which do not comply with the controls for new signs established in Section 607.3 of this Code shall be permitted to remain as nonconforming uses and shall be permitted to modify the signage text to describe new automobile ownerships and dealerships that may occur from time to time.

(h) In PDR Districts, no building containing a residential use shall be altered to increase the number of dwelling units or other housing units therein. However, individual dwelling units or other housing units may be expanded, subject to height, bulk, and all other provisions of this Code which would otherwise be applicable to dwelling units or other housing units in the Urban Mixed Use District.

(i) In the Eastern Neighborhoods Mixed Use, PDR-1-D, and PDR-1-G Districts, a non-residential nonconforming use may expand in gross floor area by no more than 25 percent with conditional use authorization pursuant to Section 303 of this Code. Such conditional use authorization may not be granted for any subsequent or additional expansion beyond the initial 25 percent.

6. Inclusionary housing requirements on small parcels: add section 315.4(ii):

SEC. 315.4. ON-SITE HOUSING REQUIREMENT AND BENEFITS.

Except as provided in Section 315.4(e), all housing projects subject to this Program through the application of Section 315.3 shall be required to construct on-site units subject to the following requirements:

(a) *Number of Units:*

(1) (A) For any housing development of any height that is located in an area with a specific inclusionary housing requirement, the more specific inclusionary housing requirement shall apply. In addition, the following provisions shall apply only to the following Area Plans as provided below:

(i) Market and Octavia Area Plan: The requirements of Sections 315 through 315.9 shall apply in the Plan Area subject to the following:

An additional affordable housing requirement shall apply in the Market and Octavia Plan Area as follows:

Definitions. The definitions in Section 326.2 and 318.2 shall apply.

Amount of fee: All projects that have not received Planning Department or Commission approval as of the effective date of this legislation and that are subject to the Residential Inclusionary Affordable Housing Program shall pay an additional affordable housing fee per square foot of Residential Space Subject to the Community Improvements Impact Fee as follows; \$8.00 in the Van Ness Market Special Use District; \$4.00 in the NCT District; and \$0.00 in the RTO District. A project applicant shall not pay a fee for any square foot of space designated as a below market rate unit under this inclusionary affordable housing program or any other unit that is designated as an affordable housing unit under a Federal, State, or local restriction in a manner that maintains affordability for a term no less than 50 years.

Timing of payment: The fee shall be paid before the City issues a first certificate of occupancy for the project.

Use of Fee: The additional affordable housing requirement specified in this Section for the Market and Octavia Plan Area shall be paid into the Citywide Affordable Housing Fund, but the funds shall be separately accounted for. MOH shall expend the funds according to the following priorities: First, to increase the supply of housing affordable to qualifying households in the Market and Octavia Plan Area; second, to increase the supply of housing affordable to qualifying households within 1 mile of the boundaries of the Plan Area; third, to increase the supply of housing affordable to qualifying households in the City and County of San Francisco. The funds may also be used for monitoring and administrative expenses subject to the process described in Section 315.6(e).

Other fee provisions: This additional affordable housing fee shall be subject to the following provisions of Sections 326 et seq.; the inflation adjustment provisions of Section 326.3(d); the waiver and reduction provisions of Section 326.3(h); the lien proceedings in Section 326.4; and the refund provisions of Section 326.5. This additional affordable housing fee may not be met through the in-kind provision of community improvements or Community Facilities (Mello Roos) financing options of Sections 326.3(e) and (f).

Findings: The Board of Supervisors hereby finds that the additional affordable housing requirements of this Section are supported by the Nexus Study performed by Keyser Marston and Associates referenced in Section 315.2(12) and found in Board File No. _____. The Board of Supervisors has reviewed the study and staff analysis and report of the study and, on that basis finds that the study supports the current inclusionary housing requirements combined with the additional affordable housing fee. Specifically, the Board finds that the study: identifies the purpose of the additional fee to mitigate impacts on the demand for affordable housing in the City; identifies the use to which the additional fee is to be put as being to increase the City's affordable housing supply; and establishes a reasonable relationship between the use of the additional fee for affordable housing and the need for affordable housing and the construction of new market rate housing. Moreover, the Board finds that the current inclusionary requirements combined with the additional fee are less than the cost of mitigation and do not include

the costs of remedying any existing deficiencies. The Board also finds that the study establishes that the current inclusionary requirements and additional fee do not duplicate other City requirements or fees.

Furthermore, the Board finds that generally an account has been established, funds appropriated, and a construction schedule adopted for affordable housing projects funded through the Inclusionary Housing program and the additional fee or that the in lieu fees and the additional fee will reimburse the City for expenditures on affordable housing that have already been made.

Furthermore, the Board finds that a major Market and Octavia Area Plan objective is to direct new market rate housing development to the area. That new market rate development will greatly out number both the number of units and potential new sites within the plan area for permanently affordable housing opportunities. The City and County of San Francisco has adopted a policy in its General Plan to meet the affordable housing needs of its general population and to require new housing development to produce sufficient affordable housing opportunities for all income groups, both of which will not be met by the projected housing development in the plan area. In addition, the "Draft Residential Nexus Analysis City and County of San Francisco" of December 2006 indicates that market rate housing itself generates additional lower income affordable housing needs for the workforce needed to serve the residents of the new market rate housing proposed for the plan area. In order to meet the demand created for affordable housing by the specific policies of the Plan and to be consistent with the policy of the City and County of San Francisco it is found that an additional affordable housing fee need be included on all market rate housing development in the Plan Area with priority for its use being given to the Plan area.

(ii) Eastern Neighborhoods Project Area: The requirements of Sections 315 through 315.9 and 319 shall apply in the Eastern Neighborhoods Plan Area subject to the following and subject to any stated exceptions elsewhere in this Code, including the specific provisions in Section 319:

Definitions:

"Gross square footage" shall have the meaning set forth in Section 102.9.

"Development Application" shall have the meaning set forth in Section 175.6.

"Eastern Neighborhood Controls" shall have the meaning set forth in Section 175.6.

Application: The option described in this subsection (ii) shall only be provided to development projects that are subject to the Eastern Neighborhood Controls as defined in Section 175.6 (e), and consist of 20 units or less or less than 25,000 gross square feet.

Amount of Fee: All projects subject to this subsection may choose to pay a square foot in lieu fee instead of the in lieu fee provided for in Section 315.6 as follows. If this option is selected, the project applicant shall pay \$40.00 per gross square foot of net new residential development. The calculation of gross square feet shall not include nonresidential uses, including any retail, commercial, or PDR uses, and all other space used only for storage and services necessary to the operation or maintenance of the building itself.

Timing of Payment: The project applicant shall pay the fee prior to issuance by DBI of the first site or building permit for the project. At the project applicant's option, it may choose to pay only 50% of the fee prior to issuance by DBI of the first site or building permit and, prior to issuance of the first site or building permit, the City shall impose a lien on the property for the remaining 50% of the fee through the procedures set forth in Section 315.6(f) except that no interest will accrue for the first twelve months from the issuance of the first site or building permit for the project. The project applicant shall pay the remaining 50% of the fee prior to issuance by DBI of a first certificate of occupancy. When 100% of the fee is paid, including interest if applicable, the City shall remove the lien.

Use of Fee: The fee shall be paid into the Citywide Affordable Housing Fund, but the funds shall be separately accounted for. MOH shall expend the funds according to the following priorities: First, to increase the supply of housing affordable to qualifying households in the Eastern Neighborhoods Project Areas; second, to increase the supply of housing affordable to qualifying

households within 1 mile of the boundaries of the Eastern Neighborhoods Project Areas; third, to increase the supply of housing affordable to qualifying households in the City and County of San Francisco. The funds may also be used for monitoring and administrative expenses subject to the process described in Section 315.6(e).

Findings: The Board of Supervisors hereby finds that the fee provisions of this Section are equivalent to or less than the fees for developments of over 20 units previously adopted by the Board in Ordinance No. 051685 and 060529 and are also supported by the Nexus Study performed by Keyser Marston and Associates referenced in Section 315.2(12) and found in Board File No. _____. The Board of Supervisors has reviewed the study and staff analysis prepared by the Mayor's Office of Housing dated -----, 2008 in Board File No. _____ and on that basis finds that the study supports the current proposed changes to the inclusionary housing requirements for projects of 20 units or less in the Eastern Neighborhood Area Plan. Specifically, the Board finds that the study and staff memo: identifies the purpose of the additional fee to mitigate impacts on the demand for affordable housing in the City; identifies the use to which the additional fee is to be put as being to increase the City's affordable housing supply; and establishes a reasonable relationship between the use of the additional fee for affordable housing and the need for affordable housing and the construction of new market rate housing. Moreover, the Board finds that the new inclusionary requirements are less than the cost of mitigation and do not include the costs of remedying any existing deficiencies. The Board also finds that the study establishes that the inclusionary requirements do not duplicate other City requirements or fees.

Furthermore, the Board finds that generally an account has been established, funds appropriated, and a construction schedule adopted for affordable housing projects funded through the Inclusionary Housing program and the in lieu fees will reimburse the City for expenditures on affordable housing that have already been made.

Furthermore, the Board finds that small scale development faces a number of challenges in the current development climate, including limited access to credit and often, a higher land cost per unit for the small sites on which they develop. Because of these and other variations from larger-scale development, they operate under a somewhat unique development model which cannot be fully encapsulated within the constraints of the Eastern Neighborhoods Financial Analysis, prepared to assess the financial feasibility of increasing housing requirements and impact fees in

the Plan Areas. To address these challenges, the Board finds that a number of slight modifications to the affordable housing requirements of the Eastern Neighborhoods, to apply to small projects (defined as 20 units or fewer, or less than 25,000 gross square feet) are appropriate.

7. Retail on 3rd St.: amended Section 249.38:

SEC. 249.38. TRANSIT-ORIENTED RETAIL SPECIAL USE DISTRICT.

(a) Purpose. The Transit-Oriented Retail Special Use District is intended to support street activity along important transit routes, including 16th Street and 3rd Street.

(b) Geography. The boundaries of the Transit-Oriented Retail Special Use District include all parcels in PDR Districts that are along 16th St. from Mission St. to I-280, or along 3rd St. from 23rd Street to Cesar Chavez St.

(c) Controls. All provisions of the Planning Code currently applicable shall continue to apply, except that the amount and types of retail sales and services allowed on a parcel will be controlled in the same manner as in the UMU District.

Appendix 3: Changes to General Plan Amendments, Area Plan Policies and Associated Implementation Measures, from April 17, 2008 Initiation Package

Changes to General Plan elements:

1. The following figure in the General Plan is proposed to be added to the amendments per the Eastern Neighborhoods Area Plans:

Commerce and Industry Element: Map 5 – Generalized Neighborhood Commercial Land Use and Density Plan will be revised to reflect the new Neighborhood Commercial Districts in the Eastern Neighborhoods.

2. The following changes are added to the proposed amendments to the South of Market Area Plan of the San Francisco General Plan:

Amend the existing table on page II.10.22 of the General Plan to reflect updated lists of significant and contributory buildings that are currently located outside as well as within the designated South End Historic District. The updated table and map are attached here as Appendix 3A.

- I. LIST OF SIGNIFICANT BUILDINGS LOCATED OUTSIDE OF THE ~~PROPOSED~~ DESIGNATED SOUTH END HISTORIC DISTRICT.
- II. LIST OF CONTRIBUTORY BUILDINGS LOCATED WITHIN THE ~~PROPOSED~~ DESIGNATED SOUTH END HISTORIC DISTRICT.
- Add map to illustrate this updated list of significant and contributory buildings that are currently located outside as well as within the designated South End Historic District.

Changes to Showplace Square – Potrero Hill Area Plan

3. Policy 1.7.2. Add a clause at the end of Policy 1.7.2 to read as follows:

Ensure that any future rezoning of areas within PDR districts is proposed within the context of periodic evaluation of the city's needs for PDR space or in the context of the redevelopment of nearby public housing in conjunction with the HopeSF program.

4. Policy 1.7.2. Add a clause at the end of the last sentence of the paragraph under Policy 1.7.2 to read as follows:

Proposed rezoning should only be considered in the context of an evaluation and monitoring report of the Eastern Neighborhoods Plans, to be conducted by the Planning Department at five-year intervals, or within the context of the redevelopment of public housing in the immediate vicinity under the HopeSF program.

5. Generalized Zoning Districts Map. Amend the text of the bubble at the lower right corner to read:

Potrero Public Housing Maintain existing zoning until after the conclusion of an upcoming process for redevelopment of this area under the HopeSF program. Consider rezoning of the public housing site and parcels in the immediate vicinity as appropriate based on the results of the planning process.

6. Under objective 2.2, add a new policy and implementation measure to read:

Policy: Facilitate the redevelopment of the Potrero View Public Housing through the HopeSF program

Implementation The Mayor's Office of Housing will undertake a separate planning process and coordinate the rezoning of the public housing site and parcels in the immediate vicinity after the completion of such planning process.

7. (error correction): the following text change was made to December 2007 Draft Plans and appeared in the policy tables but failed to appear in the April 2008 version of the Showplace Square / Potrero Hill Area Plan:

Amend Policy 2.2.1 to read: Adopt Citywide demolition policies that discourage demolition of sound housing, and encourage replacement of affordable units.

8. Add a new policy to read:

Policy: Permit and encourage greater retail use on the ground floor on parcels that front 16th Street to take advantage of transit service and encourage more mixed uses, while protecting against the wholesale displacement of PDR uses.

9. Delete Policy 1.1.3 from Showplace Square-Potrero Hill Plan as well as from the Generalized Zoning map because the Innovative Industries overlay was removed.

Changes to East SoMa Area Plan

10. Add the list and map, referred to in item number 2 above to the Historic Preservation Chapter of the East SoMa Area Plan.
11. (*error correction*): revise the Generalized Zoning District Map in the East SoMa Area Plan to capture the full proposed SoMa NCT, which extends partly east of Folsom Street.
12. (*error correction*): the following text change was made to December 2007 Draft Plans and appeared in the policy tables but failed to appear in the April 2008 version of the East SoMa Area Plan:

Amend Policy 2.2.1 to read: Adopt Citywide demolition policies that discourage demolition of sound housing, and encourage replacement of affordable units.

13. Add a new policy measure to read:

Policy Recognize the concentration of low-income families and youth in the South of Market to support the already significant investment in youth and family-oriented places in SoMa such as the expansion of the Bessie Carmichael School, the completion of the Victoria Manalo Draves Park, the location of several youth-serving organizations in this area and the SoMa Recreation Center by allowing uses and spaces that support families and youth such as schools, clinics, open space and recreational centers that support the retention of low-income families and youth.

Changes to Mission Area Plan

14. Add a new policy and implementation measure to read:

Policy: Recognize the distinctive Mission murals and expand the opportunities for new murals as well as other public art by providing space such as visible and publicly accessible walls in new construction adjacent to or near the murals to allow for these art traditions to thrive and continue, and by ensuring new construction does not obstruct, demolish, damage or otherwise diminish the Mission murals and other public art.

Implementation: Encourage new development adjacent to the murals and other important public art to provide space for their expansion and to avoid their obstruction, damage or replacement during construction or by the design of new development. And encourage project sponsors to contribute to the cleaning and restoration of murals in the vicinity of their project.

15. Amend Policy 1.1.3 to read:

Maintain the successful Mission Street, 24th Street, and Valencia Street Neighborhood Commercial districts; recognize the proximity to good transit service by eliminating residential density limits and minimum parking requirements.

Amend Implementation 1.1.3.1 to read: Amend the Planning Code to establish “Neighborhood Commercial – Transit” districts along Mission, Valencia, 24th Street, and parts of 16th Street.

16. Add a new policy under objective 1.1 to read:

Policy: Permit and encourage greater retail use on the ground floor on parcels that front 16th Street to take advantage of transit service and encourage more mixed uses, while protecting against the wholesale displacement of PDR uses.

Changes to Central Waterfront Area Plan

17. Add a new policy under objective 1.1 to read:

Policy: Permit and encourage greater retail uses on the ground floor on parcels that front 3rd Street to take advantage of transit service and encourage more mixed uses, while protecting against the wholesale displacement of PDR uses.

Changes to all four Area Plans:

18. Amend Policy 2.2.1 to read:

Formatted: Bullets and Numbering

Require that a significant number of units in new developments have two or more bedrooms except senior housing and SRO developments unless all Below Market Rate Units are two or more bedroom units.

20. Add new Policy in the Land Use section to read:

Policy: Recognize desirable existing uses in the former industrial areas which would no longer be permitted by the new zoning, and afford them appropriate opportunities to establish a continuing legal presence.

Implementation: Amend the Planning Code to establish a process for "legitimization" of existing uses which had been permitted under the Planning Code.

21. Add new Policy and Implementation in the Land Use section to read:

Policy: While continuing to protect traditional PDR functions that need large, inexpensive spaces to operate, also recognize that the nature of PDR businesses is evolving gradually so that their production and distribution activities are becoming more integrated physically with their research, design and administrative functions.

Implementation: Amend the Planning Code to provide a limited amount of space in PDR and Mixed Use Districts for a newly defined land use, called "Integrated PDR," in which traditional PDR functions and traditional office functions are permitted in an integrated manner.

Appendix 4: Changes to Planning Code from April 17, 2008 Initiation Package

The following table conveys, by section, an explanation of all the technical changes proposed by Staff from the Initiation of the Eastern Neighborhoods Area Plans on April 17th, 2008 through July 31st, 2008, as well as an explanation of all substantive changes directed by the Planning Commission from April 17th 2008 through July 24th, 2008.

Sec.	Sec. Title	Change	Rationale
102.5	District.	Added RTO-M and PDR-1-G Districts to list of districts.	Change necessitated by creation of RTO-M and PDR-2 CW Districts.
121.5	Development of Large Lots, Residential Districts.	Added RTO-M District to list of districts. Maintained same controls as RTO District.	Change necessitated by creation of RTO-M District.
121.8	Use Size Limits (Non-Residential), PDR Districts.	Reversed deletion of Section 121.5. Renumbered to Section 121.8. Specified that these controls are for the PDR Districts in the Bayview.	With the creation of a separate PDR-2 district for the Eastern Neighborhoods and Bayview, controls applicable to the Bayview were restored. Renumbering was necessary to reflect that Sections 121.5 through 121.78 were already taken through the Market & Octavia process.
121.9	Subdivision of Large Lots, PDR Districts.	Updated references.	Renumbering was necessary to reflect that Sections 121.5 through 121.78 were already taken through the Market & Octavia process.
124	Basic Floor Area Ratio.	Added RTO-M District to list of districts. Maintained same controls as RTO District.	Change necessitated by creation of RTO-M District.
134 (a)(2) and (c)	Rear Yards, R, NC, C, SPD, M, MUG, MUO, MUR, UMU, RSD, SLR, SLI and SSO Districts.	Added RTO-M and PDR-CW Districts to list of districts. Maintained same controls as the RTO and PDR-2 Districts, respectively.	Change necessitated by creation of RTO-M and PDR-2 Districts.

Sec.	Sec. Title	Change	Rationale
134(f)(1)	Rear Yards, R, NC, C, SPD, M, MUG, MUO, MUR, UMU, RSD, SLR, SLI and SSO Districts.	Clarified that, for large projects, modifications and waivers would be part of the 309.2 process.	The April 17 th Proposed Amendments mistakenly omitted enabling large projects to be controlled under the 309.2 process, as other building standard issues are controlled.
134(f)(2)	Rear Yards, R, NC, C, SPD, M, MUG, MUO, MUR, UMU, RSD, SLR, SLI and SSO Districts.	Remove clause that said an acceptable reason for modification is views from adjacent properties.	Per the General Plan, private views are not protected.
Table 135A and 135(i)(1)	Usable Open Space for Dwelling Units and Group Housing, R, NC, Mixed Use, C, and M Districts.	Enables 50% of all required open space to be off-site, instead of 50% of just publicly-accessible open space.	The intention is to allow a larger amount of off-site open space, as long as it meets other requirements.
Table 135A	Usable Open Space for Dwelling Units and Group Housing, R, NC, Mixed Use, C, and M Districts.	Added RTO-M District to list of districts. Maintained same controls as RTO District.	Change necessitated by creation of RTO-M District.
135(j)	Usable Open Space for Dwelling Units and Group Housing, R, NC, Mixed Use, C, and M Districts	Clarified that payment is required not only in cases of variance, but also in cases of exceptions granted for larger projects subject to the 309.2 process.	The requirement around payment in cases of exception was mistakenly omitted from the April 17 th Proposed Amendments.
144(a), (b), and (d)	Treatment of Ground Story on Street Frontages, RH-2, RH-3, RTO, RTO-M, RM-1, and RM-2 Districts.	Added RTO-M District to list of districts. Maintained same controls as RTO District.	Change necessitated by creation of RTO-M District.
145.1(b)(2)	Street Frontages,	Clarified that residential uses are	As written, the April 17 th Proposed Amendments would not have made

Sec.	Sec. Title	Change	Rationale
	Neighborhood Commercial, Downtown Residential, and Eastern Neighborhoods Mixed Use Districts.	active uses above the ground floor.	residential uses above the ground floor active uses, which was not the intention of the Code.
145.1(b)(2)(B)	Street Frontages, Neighborhood Commercial, Downtown Residential, and Eastern Neighborhoods Mixed Use Districts.	Removed definition of residential use.	The April 17 th Proposed Amendments mistakenly had two definitions of residential active use: 145.1(b)(2) and 145.1(b)(2)(B). The first definition is the intended definition, and the second one was deleted.
145.1(c)(3)(B)	Street Frontages, Neighborhood Commercial, Downtown Residential, and Eastern Neighborhoods Mixed Use Districts.	Clarified the definition of “applicable frontages”.	This change was necessary to provide clarity as to what “applicable frontages” were, and to be consistent with subsection (c)(3)(A)
145.1(c)(3)(D)	Street Frontages, Neighborhood Commercial, Downtown Residential, and Eastern Neighborhoods Mixed Use Districts.	Changed clause from “Applicable frontages” to “Frontages with active uses that are not residential or PDR”	Ground floor transparency controls are inappropriate for residential or PDR uses, both of which have a privacy component.
145.1(c)(3)(D)	Street Frontages, Neighborhood Commercial, Downtown Residential, and	Removed reference to Figure 145.1(A)	There was a mistaken reference, as there is no Figure 145.1(A).

Sec.	Sec. Title	Change	Rationale
	Eastern Neighborhoods Mixed Use Districts.		
150(d)	Off-Street Parking and Loading Requirements.	Added language to end of paragraph consistent with Board of Supervisors Ordinance 080095.	This Ordinance was adopted on June 24, 2008. The Code language was amended to reflect that this is the “existing condition” upon which the Eastern Neighborhoods is making amendments.
151.1	Schedule of Permitted Off-Street Parking Spaces in Specified Districts.	Revised title to properly show how language is proposed to change from adopted Code.	The April 17 th Proposed Amendments incorrectly conveyed the title of the adopted Code section.
151.1(b)	Schedule of Permitted Off-Street Parking Spaces in Specified Districts.	Clarified that the controls for non-accessory parking is based on Sec. 151.1, and not Sec. 204.5.	The revised Sec. 151.1 now contains all the controls for non-accessory office, and thus there is no reason to cite Sec. 204.5.
151.1(b)	Schedule of Permitted Off-Street Parking Spaces in Specified Districts.	In the last sentence, added that the Planning Commission shall also consider the criteria of Sec. 157.1 of the Code.	This technical change is necessitated to reference the criteria for non-accessory parking added to the Code as part of these amendments.
151.1(c)	Schedule of Permitted Off-Street Parking Spaces in Specified Districts.	Revised new language at the end of this subsection to better guide how to count parking spaces in a parking garage.	The proposed language maintains the intent of ensuring that all parking spots are accounted for, with additional guidance provided.
Table 151.1	Schedule of Permitted Off-Street Parking Spaces in Specified Districts.	Clarified that parking controls applicable for office uses in UMU, PDR-1-D, and PDR-1-G Districts greater than ¼-mile from Market, Mission, 3 rd and 4 th Streets are only applicable when	This change avoids confusion on any parcels through which the ¼ mile boundary may run.

Sec.	Sec. Title	Change	Rationale
		the entire parcel is greater than ¼ mile.	
Table 151.1	Schedule of Permitted Off-Street Parking Spaces in Specified Districts.	Added office controls for the South Park District (SPD) to the table, akin to the other mixed use districts in East SoMa.	The South Park District was mistakenly omitted from the April 17 th Proposed Amendments. It was added in a fashion consistent with the other mixed use districts in East SoMa.
Table 151.1	Schedule of Permitted Off-Street Parking Spaces in Specified Districts.	Amended parking requirements for SROs to be the same as other studio and 1-bedroom apartments in the Eastern Neighborhoods.	SRO units are akin to studio units, and thus their parking should be controlled as such.
Table 151.1	Schedule of Permitted Off-Street Parking Spaces in Specified Districts.	Added row specifying parking controls for laboratories at 1 space per 1,500 square feet.	As a newly defined use (Sec. 890.52), laboratories needed their own parking control.
151.1(f)	Schedule of Permitted Off-Street Parking Spaces in Specified Districts.	The reference to small project review procedures was changed from subsection (f)(4) to subsection (g).	The reference to the appropriate section was mistaken in the April 17 th Proposed Amendments.
154	Dimensions for Off-Street Parking, Freight Loading and Service Vehicle Spaces.	Added language to be consistent with Board of Supervisors Ordinance 080095. Required moving added language from subsection (a)(4) to (a)(2), and referencing RTO and NCT (per changes adopted by the Market & Octavia Plan).	This Ordinance was adopted on June 24, 2008. The Code language was amended to reflect that this is the “existing condition” upon which the Eastern Neighborhoods is making amendments. The Ordinance did not reflect the adoption of the Market & Octavia Plan.
155(c), (c)(1), (k)	General Standards as to Location and	Added language consistent with Board of Supervisors	This Ordinance was adopted on June 24, 2008. The Code language was amended to reflect that this is the

Sec.	Sec. Title	Change	Rationale
	Arrangement of Off-Street Parking, Freight Loading and Service Vehicle Facilities.	Ordinance 080095. This includes removal of changes made per the April 17 th Proposed Amendments, which were rendered meaningless by Ordinance 080095.	"existing condition" upon which the Eastern Neighborhoods is making amendments.
155(r)	General Standards as to Location and Arrangement of Off-Street Parking, Freight Loading and Service Vehicle Facilities.	Changed reference to 24 th St.-Mission NCD to 24 th St. – Mission NCT	This technical correction was necessary because of the change in zoning status of 24 th St. – Mission (see Sec.727.1)
167(a)	Parking Costs Separated from Housing Costs in New Residential Buildings.	Removed this Section from the list of proposed changes.	The implementation of the Board of Supervisors Ordinance 080095 renders meaningless all the changes made per the April 17 th Proposed Amendments. This Ordinance was adopted on June 24, 2008.
181(h)	Non-conforming Uses: Enlargements, Alterations, and Reconstruction	Clarified that, for existing housing in PDR Districts, expansion will be subject to the rules in UMU District.	In the April 17 th Proposed Amendments, no guidance was given on how housing in the PDR Districts could legally expand.
201	Classes of Use Districts.	Added RTO-M and PDR-1-G Districts to list of districts, moved the 24 th Street – Mission District from the NC to the NCT category.	Change necessitated by creation of RTO-M and PDR-1-G Districts, and reclassification of 24 th Street – Mission as an NCT.
206.5	RTO-M (Residential, Transit-Oriented - Mission Neighborhood) District.	Added RTO-M District.	Reflects desire to create an RTO District separate from that adopted by the Market & Octavia Plan.

Sec.	Sec. Title	Change	Rationale
207.1(f)	Rules for Calculating Dwelling Unit Densities.	Added RTO-M District to list of districts. Maintained same controls as RTO District.	Change necessitated by creation of RTO-M District.
207.6(b)	Required Minimum Dwelling Mix in RTO, NCT, DTR, and Eastern Neighborhoods Mixed Use Districts.	Revised applicability to apply to all buildings; to clarify that this applies to any project that creates five or more dwelling units; and to clarify that this rules can apply to mixed use buildings, as long as 100% of the units meet the requirements.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Market & Octavia Plan, and to clarify how the rules will be applied.
207.6(c)	Required Minimum Dwelling Mix in RTO, NCT, DTR, and Eastern Neighborhoods Mixed Use Districts.	Created separate controls for districts in the Market & Octavia Plan from those in the Eastern Neighborhoods Plan. For districts in the Market & Octavia Plan, the controls apply to all buildings on the parcel, whereas in the Eastern Neighborhoods, controls apply only to new housing. Additionally, for all RTO and NCT Districts, criteria were added for granting of a conditional use waiving the bedroom requirements.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Market & Octavia Plan.
208(a) and (d)	Density Limitations for Group Housing.	Removed the Valencia Street and 24 th Street—Mission NCTs from this table.	In NCT districts, there are no density controls for group housing. Change necessitated by creation of RTO-M

Sec.	Sec. Title	Change	Rationale
		Added RTO-M District to list of districts. Maintained same controls as RTO District.	District.
209.1	Dwellings.	Added RTO-M District to list of districts. Maintained same controls as RTO District, except removes all density limits for housing.	Reflects desire to remove all density limitations in the RTO-M District, and instead control density through unit mix requirements and other means.
209.2	Other Housing.	Added RTO-M District to list of districts. Maintained same controls as RTO District.	Change necessitated by creation of RTO-M District.
209.3	Institutions.	Added RTO-M District to list of districts. Maintained same controls as RTO District.	Change necessitated by creation of RTO-M District.
209.4	Community Facilities.	Added RTO-M District to list of districts. Maintained same controls as RTO District.	Change necessitated by creation of RTO-M District.
209.5	Open Recreation and Horticulture.	Added RTO-M District to list of districts. Maintained same controls as RTO District.	Change necessitated by creation of RTO-M District.
209.6	Public Facilities and Utilities.	Added RTO-M District to list of districts. Maintained same controls as RTO District.	Change necessitated by creation of RTO-M District.
209.7	Vehicle Storage and Access.	Added RTO-M District to list of districts. Maintained same controls as RTO District.	Change necessitated by creation of RTO-M District.

Sec.	Sec. Title	Change	Rationale
209.8	Commercial Establishments.	Added RTO-M District to list of districts. Maintained same controls as RTO District.	Change necessitated by creation of RTO-M District.
209.9	Other Uses.	Added RTO-M District to list of districts. Maintained same controls as RTO District.	Change necessitated by creation of RTO-M District.
210.11	PDR-2 District: Core Production, Distribution, and Repair – Bayview.	Reclassified PDR-2 as geographically specific to the Bayview.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
210.12	PDR-2-CW District: Core Production, Distribution, and Repair – Central Waterfront.	Created a new PDR-2-CW District that encompasses PDR in the Central Waterfront area.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
215	Dwellings.	Added a column for PDR-2-CW. Maintained same controls as PDR-2 District.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
216	Other Housing.	Added a column for PDR-2-CW. Maintained same controls as PDR-2 District.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
217	Institutions.	Added a column for PDR-2-CW. Reverted PDR-1-B and PDR-2 to controls adopted as part of the Bayview Plan.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
217(h)	Institutions.	Clarified language that states that subsection (h) pertains only to institutions required to submit an Institutional	The language in the April 17 th Proposed Amendments was grammatically challenged.

Sec.	Sec. Title	Change	Rationale
		Master Plan.	
218	Retail Sales and Personal Services.	Added a column for PDR-2-CW. Maintained same controls as PDR-2 District.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
218(a)	Retail Sales and Personal Services.	Changed controls for all PDR districts to N/A.	Row (a) is retail limited only to the local residents, which is not applicable in PDR Districts.
218(b), and *	Retail Sales and Personal Services.	Reversed deletion of references to Section 121.5	With the creation of a separate PDR-2 district for the Eastern Neighborhoods and Bayview, controls applicable to the Bayview were restored.
218(c)	Retail Sales and Personal Services.	Added controls that enable grocery stores in PDR-1-D and PDR-1-G districts to exceed per lot limits, with conditional use authorization.	This change reflects Planning Commission direction to enable grocery stores to be larger in the Eastern Neighborhood's PDR-1 Districts.
218(d)	Retail Sales and Personal Services.	Added controls that enable gyms in PDR-1-D and PDR-1-G districts to exceed per lot limits, with conditional use authorization.	This change reflects Planning Commission direction to enable gyms to be larger in the Eastern Neighborhood's PDR-1 Districts.
218.1	Massage Establishments.	Added a column for PDR-2-CW. Maintained same controls as PDR-2 District.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
219	Offices.	Added a column for PDR-2-CW. Reverted PDR-1-B and PDR-2 to controls adopted as part of the Bayview Plan.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
219.1	Vertical Controls for Office Uses.	Clarified that this only applies to PDR-1-D, PDR-1-G, and PDR-2-CW Districts.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of

Sec.	Sec. Title	Change	Rationale
			the Bayview Plan.
219.1(e)	Vertical Controls for Office Uses.	Added control that allows, through the 309.2 process, the consolidation of allowed office into a single building on sites with multiple buildings.	For sites with multiple buildings, it makes design and planning sense to consolidate office uses into a single building.
220	Laundering, Cleaning, and Pressing.	Added a column for PDR-2-CW. Maintained same controls as PDR-2 District.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
221	Assembly and Entertainment.	Added a column for PDR-2-CW. Maintained same controls as PDR-2 District.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
222	Home and Business Services.	Added a column for PDR-2-CW. Maintained same controls as PDR-2 District.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
222.1	Conversion of Business Services to Office in the PDR Districts.	Changed reference of affected districts from PDR-2 to PDR-2-CW.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
223	Automotive.	Added a column for PDR-2-CW. Maintained same controls as PDR-2 District.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
224	Animal Services.	Added a column for PDR-2-CW. Maintained same controls as PDR-2 District.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
225	Wholesaling, Storage, Distribution and	Added a column for PDR-2-CW. Maintained same	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not

Sec.	Sec. Title	Change	Rationale
	Open-Air Handling of Materials and Equipment.	controls as PDR-2 District.	affect those districts adopted as part of the Bayview Plan.
226	Manufacturing and Processing.	Added a column for PDR-2-CW. Maintained same controls as PDR-2 District.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
227	Other Uses.	Added a column for PDR-2-CW. Maintained same controls as PDR-2 District.	This change was necessary to ensure that changes made as part of the Eastern Neighborhoods Plan did not affect those districts adopted as part of the Bayview Plan.
249.36 (b)	Life Science and Medical Special Use District.	Changed description of the geography of this SUD (no change to the actual geography).	The description of the geography of this SUD was incorrect.
249.36 (c)(1), (2), and (3)	Life Science and Medical Special Use District.	Added exemption from PDR replacement requirements for uses in these districts; added section references.	It is the intention of this SUD to support the development of life science and medical office uses. In the PDR districts, PDR replacement requirements conflict with the intention of this district.
249.37	Innovative Industries Special Use District.	For parcels that are both in a PDR District and this SUD, added a control enabling additional retail consistent with the size controls of the UMU District.	Buildings in the Innovative Industries Special Use District will have a higher density of workers and thus merit additional retail.
249.38	16 th St. Retail Special Use District.	Added this SUD that allows parcels zoned PDR along 16 th Street to have the same amount and type of retail as allowed in the UMU District.	This SUD reflects the desire to support street activity along 16 th St. between the Mission and Central Waterfront, while providing additional scrutiny for formula retail and other uses.
261.1(b)	Additional Height Limits for Narrow	Created a definitions section to increase	In the April 17 th Proposed Amendments, the underlying definitions for this section

Sec.	Sec. Title	Change	Rationale
	Streets and Alleys in RTO, NCT, and Eastern Neighborhoods Mixed Use Districts.	clarity for implementation. Added definition of an east-west street.	were interspersed with the Code language, or in the case of east-west streets, were not clearly defined; calling them out adds clarity to how to implement this section.
261.1(c)	Additional Height Limits for Narrow Streets and Alleys in RTO, NCT, and Eastern Neighborhoods Mixed Use Districts.	Reorganized controls to clarify the difference between east-west streets and other kinds of streets. Revised upper story setback requirements along new mid-block alleys.	The changes add a distinction for controls in east-west streets that was not clear in the April 17 th Proposed Amendments. Additionally, controls for mid-block alleys were refined to reflect that wider alleys do not need as significant a setback.
270.1	Special Bulk Limitations: Horizontal Mass Reductions in Large Lots in the Eastern Neighborhoods Mixed Use Districts.	Revised graphic to show that discrete sections of buildings could not be more than 200 feet in length.	The previous graphic conflicted with the code by showing that discrete sections could only be up to 175 feet in length.
270.2(d)(1) and (e)(1)	Special Bulk and Open Space Requirement: Mid-Block Alleys in Large Lot Developments in the Eastern Neighborhoods Mixed-Use and DTR Districts.	Added that the mid-block alley should generally be located in the middle portion of the block face.	This change clarifies intent of this requirement regarding location of the mid-block open space.
270.2(e)(10)	Special Bulk and Open Space Requirement: Mid-Block Alleys in Large Lot Developments in the Eastern Neighborhoods Mixed-Use and	Added a design standard that the mid-block alley be landscaped to the greatest extent feasible.	This change clarifies intent of this requirement that the mid-block open space be an inviting environment.

Sec.	Sec. Title	Change	Rationale
	DTR Districts.		
270.2(e) (14)	Special Bulk and Open Space Requirement: Mid-Block Alleys in Large Lot Developments in the Eastern Neighborhoods Mixed-Use and DTR Districts.	Added reference to alley controls in Sec. 261.1.	This cross-reference supports better implementation of the alley controls in Sec. 261.1.
271(b) and (c)	Bulk Limits: Special Exceptions, in Districts other than C-3.	Added control that makes modifications to bulk controls subject to Section 309.2 for applicable projects.	This enables modifications to bulk requirements to be handled through the same process as other design issues for large parcels in the Eastern Neighborhoods Mixed Use Districts.
309.2(b) (4)	Large Project Authorization in Eastern Neighborhoods Mixed Use Districts.	Deleted this subsection that said part of the 309.2 applicability was for projects in the UMU district and contain a single retail use of over 4,000 gross square feet.	In the UMU District, retail uses over 4,000 would require a conditional use approval, as written in Section 843.45. As such, they need not also be subject to the 309.2 procedures, which is intended for larger projects.
309.2(c) (3) and (d)(7)	Large Project Authorization in Eastern Neighborhoods Mixed Use Districts.	Added rear yards a requirement that can be waived or modified, per changes made to Sec. 134(f).	These changes necessary to implement changes made to Sec. 134(f).
309.2(c) (5)	Large Project Authorization in Eastern Neighborhoods Mixed Use Districts.	Added language clarifying that the provision of mid-block alleys on frontages between 200-300 linear feet is subject to the discretion of the Planning Commission, but that mid-block alleys on longer frontages are	Language revised to be consistent with the requirements around mid-block alleys specified in Sec. 270.2.

Sec.	Sec. Title	Change	Rationale
		required.	
309.2(c)(8)	Large Project Authorization in Eastern Neighborhoods Mixed Use Districts.	Added control that makes modifications to bulk controls subject to Section 309.2 for applicable projects.	In concert with changes made to 271(b) and (c), this enables modifications to bulk requirements to be handled through the same process as other design issues for large parcels in the Eastern Neighborhoods Mixed Use Districts.
309.2(d)(8)	Large Project Authorization in Eastern Neighborhoods Mixed Use Districts.	Added control that allows, through the 309.2 process, the consolidation of allowed office into a single building on sites with multiple buildings.	For sites with multiple buildings, it makes design and planning sense to consolidate office uses into a single building.
312	Permit Review Procedures for All NC and Eastern Neighborhoods Mixed Use Districts.	Added noticing requirements for the Eastern Neighborhoods Mixed Use Districts, akin to those in the NC Districts.	Public noticing requirements were mistakenly omitted from the April 17 th Proposed Amendments.
315.4(a)(1)(A)(ii)	On-Site Housing Requirement and Benefits.	Creates a small project option of an in-lieu fee paid by square foot, rather than by unit.	Small projects face an undue burden when the amount of affordable units required is rounded up. This change enables the applicant to pay an in-lieu fee equivalent to the percentage of the unit required.
316	Procedures for Conditional Use Authorization in Neighborhood Commercial, Eastern Neighborhoods Mixed Use Districts, and South of Market Mixed Use Districts and for Live/Work Units in RH and RM Districts.	Extended existing controls to the Eastern Neighborhoods Mixed Use Districts	Procedures for conditional use authorization in the Eastern Neighborhoods Mixed Use Districts had mistakenly been omitted from the April 17 th Proposed Amendments.

Sec.	Sec. Title	Change	Rationale
319.2(f)(1)	Definitions.	Added that the purchase price shall be based on household spending of 35% of income for housing	Formula necessary for pricing of middle-income units.
319.4(b)(1)(E)	Housing Requirements for UMU Districts.	Clarified that the City shall monitor units provided at this option not only in the 5-year monitoring report, but also the 2-year monitoring report.	The 2-year monitoring report was mistakenly omitted from the April 17 th Proposed Amendments.
Table 319.4	Housing Requirements for UMU Districts.	In the table, revised the middle income alternative as follows: for Tier B, the requirement was reduced from 40% to 35%, for Tier C the requirement was reduced from 50% to 40%, and for all options, the increase required if the two-bedroom requirement is waived was reduced from 10% to 5%; the land dedication alternative was revised as follows: for Tier C, the requirement was reduced from 50% to 45%.	Further economic analysis concluded that these requirements should be adjusted to maintain parity among the housing options.
327	Eastern Neighborhoods Public Benefit Fund.	Replaced word "commercial" with "nonresidential" throughout this code section.	This change is in keeping with current planning use definitions and more accurately portrays the uses being discussed.
327.1	Findings.	Added the definition of applicable tiers used in determining impact fees.	The April 17 th Proposed Amendments mistakenly omitted the description of applicable tiers used in determining impact fees, although these were

Sec.	Sec. Title	Change	Rationale
			included in the Eastern Neighborhood's Implementation Document ("UU Case").
327.2	Definitions.	Revised list to be alphabetically ordered.	Changing "commercial" to "non-residential" put list out of alphabetical order.
327.2(b)	Definitions.	Added a definition of "designated affordable housing zones", which includes the Mission NCT and MUR Districts.	The purpose of this change is to create zones for which fee revenue is targeted towards affordable housing at a higher rate than in other districts.
327.2(i)	Definitions.	Clarified definition of "non-residential use" as including all retail, office, and other commercial uses that are not industrial uses. Changed 'as' to 'including' when identifying specific industrial uses.	Change necessary to implement fee application, which will differentiate industrial uses from other commercial uses.
327.2(m)	Definitions.	Expanded definition of residential to include group housing and SRO units.	Change better captures the accepted definition of residential use as defined in the Housing Code.
327.3(c)	Application.	Added note clarifying that nonresidential projects are subject to a waiver reduction in the instance of duplicative fees.	This change doesn't affect policy, but helps provide clarity to applicants.
327.3(e)	Application.	Changed reference of monitoring program from Sec. 342 to the Administrative Code.	This change is necessary to maintain proper references (see Sec. 342)
327.6	Fund.	Changed the title of this subsection from "Eastern Neighborhoods Public Benefits Fund" to "Fund"	This change was to reduce confusion between Sections 327 and 327.6, which had the same name.

Sec.	Sec. Title	Change	Rationale
327.6(b) and (h)	Fund.	Added that, not only will the fund be administered by the Board of Supervisors, but that expenditures will be recommended by the Planning Commission based on findings from the Interagency Planning & Implementation Committee (IPIC).	This change ensures proper Planning Commission and agency input into the expenditure of this fund.
327.6(c)	Fund.	Changed reference of monitoring program from Sec. 342 to the Administrative Code.	This change is necessary to maintain proper references (see Sec. 342)
Table 327.6	Fund.	Changed the name of the Table from 327.3 to 327.6.	The Table was mistakenly titled.
Table 327.6	Fund.	Added a row signifying that, in the Mission NCT and MUR, 50% of fees levied on residential projects will go towards affordable housing.	This change reflects the policy goal to prioritize additional affordable housing in return for development potential in these districts.
327.6(e)	Fund.	Clarified that the accounting report for this fund will be synchronized with that of other planning efforts.	Synchronizing monitoring reports increases efficiency of the process.
327.7	Eastern Neighborhoods Citizens Advisory Committee.	Moved this entire Section from 342.4 to 327.7.	The bulk of the Monitoring Program (sec. 342) is being moved from the Planning Code into the Administrative Code, but the establishment of the Citizens Advisory Committee is still something that should be in the Planning Code.
342	Eastern Neighborhoods Area Plans Monitoring	This section was removed from the proposed Planning Code amendments,	This section will instead be adopted as part of the City's Administrative Code.

Sec.	Sec. Title	Change	Rationale
	Program.	except for Section 342.4, which was moved to Section 327.7.	
603(j)	Exempted Signs.	Added RTO-M District to list of districts.	Change necessitated by creation of RTO-M District.
702.1	Neighborhood Commercial Use Districts.	Revised language to show 24 th St. – Mission as an NCT District.	This technical change was necessitated by revisions to Sec. 727.1.
726	Valencia Street Neighborhood Commercial District.	Added the word “Transit” to the start of Sec. 726 (Zoning Control Table).	The word “Transit” was mistakenly omitted from the April 17 th Proposed Amendments.
726.68	Valencia Street Neighborhood Commercial District.	Added row for fringe financial services in the Table, and section on fringe financial controls after the table.	The language for fringe financial services was adopted by the City during the writing of the Eastern Neighborhoods Code.
727.1	24 th Street – Mission Neighborhood Commercial District.	Amended existing 24 th Street – Mission to be a Neighborhood Commercial District.	This change reflects the transit-oriented nature of the 24 th St. corridor in the Mission.
735.48	SoMa Neighborhood Commercial Transit District.	Control for other entertainment changed from P to NP.	This change maintains the existing controls in the existing SLR and RSD districts, of which the SoMA NCT is comprised.
735.81 and .82	SoMa Neighborhood Commercial Transit District.	Assembly and social services uses changed to P, other large institutional uses remain C.	This change reflects the community's desire to promote such assembly and social service uses as youth centers, recreation centers, and senior centers.
736.30, .31, .32, .40	Mission Street Neighborhood Commercial Transit District.	Removed unnecessary “#” signs.	The April 17 th Proposed Amendments mistakenly included these symbols, which are meaningless in this district.
736.43	Mission Street Neighborhood Commercial	Changed control for large fast food restaurant from “C#”	The April 17 th Proposed Amendments mistakenly omitted the controls of Mission Street Fast-Food Subdistrict (Sec. 781.5), which do not permit large

Sec.	Sec. Title	Change	Rationale
	Transit District.	to "NP".	fast food restaurants for the length of what is now the Mission NCT District.
736.44	Mission Street Neighborhood Commercial Transit District.	Changed control for small fast food restaurant from "P#" to "C" on the first floor and "NP" above the first floor.	The April 17 th Proposed Amendments mistakenly omitted the controls of Mission Street Fast-Food Subdistrict (Sec. 781.5), which only permit small fast food restaurants on the ground floor of what is now the Mission NCT District.
736.68	Mission Street Neighborhood Commercial District.	Added row for fringe financial services in the Table, and section on fringe financial controls after the table.	The language for fringe financial services was adopted by the City during the writing of the Eastern Neighborhoods Code.
803.9(b)	Commercial Uses in Mixed Use Districts.	Revised language to show that, in this capacity, the Landmarks Preservation Advisory Board is an advisory body, and not a decision making body.	The Landmarks Board does not legally have the ability to approve these projects, but provides advice on these issues to the Planning Department.
803.9(c)	Commercial Uses in Mixed Use Districts.	Removed reference to MUG districts in the subsection about preservation of historic buildings.	Controls around the preservation of historic buildings in the MUG District is already addressed in Sec. 803.9(b).
803.9(c)	Commercial Uses in Mixed Use Districts.	Revised language to show that, in this capacity, the Landmarks Preservation Advisory Board is an advisory body, and not a decision making body.	The Landmarks Board does not legally have the ability to approve these projects, but provides advice on these issues to the Planning Department.
803.9(h)(4)(E)	Commercial Uses in Mixed Use Districts.	Added control that allows, through the 309.2 process, the consolidation of allowed office into a single building on sites with multiple buildings.	For sites with multiple buildings, it makes design and planning sense to consolidate office uses into a single building.

Sec.	Sec. Title	Change	Rationale
803.9(i)	Commercial Uses in Mixed Use Districts.	Added language exempting gyms in the UMU District from retail controls.	This reflects the stated desire to support the development of gyms, particularly in existing buildings.
840.32	MUG – Mixed Use General District.	Required that post-secondary institutions receive a Conditional Use authorization, instead of being permitted as-of-right.	Post-secondary institutions have become controversial uses in some communities, and thus require additional level of discretion before being permitted.
840.52	MUG – Mixed Use General District.	Enables retail-type office uses on the ground floor, as long as they are clearly retail uses whose primary purpose is to serve the general public on a retail basis.	This addition was necessary to provide more clarity for uses that often blur the distinction between retail and office, given that there office is not permitted on the ground floor in the MUG District (per Sec. 803.9(h)).
841.32	MUR – Mixed Use Residential District.	Required that post-secondary institutions receive a Conditional Use authorization, instead of being permitted as-of-right.	Post-secondary institutions have become controversial uses in some communities, and thus require additional level of discretion before being permitted.
843.32	UMU – Urban Mixed Use District.	Required that post-secondary institutions receive a Conditional Use authorization, instead of being permitted as-of-right.	Post-secondary institutions have become controversial uses in some communities, and thus require additional level of discretion before being permitted.
843.50	UMU – Urban Mixed Use District.	Enables retail-type office uses on the ground floor, as long as they are clearly retail uses whose primary purpose is to serve the general public on a retail basis.	This addition was necessary to provide more clarity for uses that often blur the distinction between retail and office, given that there office is not permitted on the ground floor in the UMU District (per Sec. 803.9(h)).
843.51	UMU – Urban Mixed Use District.	Controls gyms like other retail uses, except exempts gyms	This reflects the stated desire to support the development of gyms, particularly in existing buildings.

Sec.	Sec. Title	Change	Rationale
		from requirement to build three square feet of another permitted use for every 1 square foot of retail above 25,000 square feet.	
843.72 and .77	UMU – Urban Mixed Use District.	Created a separated row for Automotive Wash (843.76) distinct from Automotive Service Station (843.72); necessitated Automotive Wash to receive a Conditional Use authorization.	In the parts of the UMU district that are currently zoned C-M, Automotive Wash required a Conditional Use authorization. It was determined that maintaining this level of discretion would be appropriate for this kind of district.
843.76	UMU – Urban Mixed Use District.	Add that automobile sales and rental are a permitted use, subject to size controls established for the UMU District.	This change enables automobile sales and rentals to be treated similarly to other retail uses in the UMU District.
890.70	Office.	Assigned existing paragraphs subsections (a) and (b). Changed reference to Section 890.108 from “business and professional services” to “professional services”. Removed the clause that included some business services in the definition of office.	Technical corrections needed to make text consistent. As per business services, the definition in Section 890.111 has been rewritten as part of these amendments so that the definition of office and business services are mutually exclusive.
890.70	Office.	Removed the phrase “and other computer based technology” from definition.	There was concern that this would cast the definition of office too widely, as almost all businesses rely on computers to facilitate their work (e.g., diagnostics in car repair).
890.88	Residential Use.	Revised the definition of SRO building from	SRO buildings are granted special exemptions, such as reduced open

Sec.	Sec. Title	Change	Rationale
		one that contains one or more SRO units to one that contains <u>only</u> SRO units.	space requirements. This special exemption should be limited to buildings containing only SRO units, instead of larger buildings containing only one studio unit that is the physical equivalent of an SRO unit.

The following table conveys, by section, an explanation of all the technical changes proposed by Staff from July 31st, 2008 through August 7th, 2008, as well as an explanation of all substantive changes directed by the Planning Commission on July 31st 2008.

Formatted: Superscript

Formatted: Superscript

Formatted: Superscript

Sec.	Sec. Title	Change	Rationale
102.5	District.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
121.8	Use Size Limits (Non-Residential), PDR Districts.	Changed reference from PDR-2-B to PDR-2.	The July 31 Proposed Amendments mistakenly titled the PDR-2 district PDR-2-B.
124	Basic Floor Area Ratio.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
Table 151.1	Schedule of Permitted Off-Street Parking Spaces in Specified Districts.	Added controls for Small Enterprise Workspace (S.E.W.) Buildings and Integrated PDR Uses at a maximum of 1 space per 1,500 square feet.	These new uses required parking controls. As a note, per 151.1(b), for these uses the maximum amount of off-street parking in the PDR-1 and UMU districts is 50% greater than as shown in the table (i.e., 1 space per 1,000 square feet for S.E.W. and Integrated PDR uses).
175.6(d)(2)	Effective Date of the Eastern Neighborhoods Zoning Controls.	Added that current provisions of the Planning Code include the Zoning Map.	While the planning code technically comprises the zoning maps, it was deemed useful to spell this out in the text.
175.8	Sunset for Integrated PDR Uses.	Added a section stating that five years from the adoption of the Eastern Neighborhoods, all new integrated PDR uses will require conditional use authorization.	Creating a provision that restricts Integrated PDR uses after five years forces the issue to be revisited at that time. If decision makers decide that the program is a success at that time, the code can be amended to continue or expand the program. For purposes of this analysis, one measure of success will be the percentage of employees that meet the City's criteria for receiving the Enterprise Zone Payroll Tax Credit. The goal is for 25% of all employees in Integrated PDR uses to meet these criteria.
179.1	Uses Located in the Eastern Neighborhoods	Added a section that describes how to create legal, up-to-	Per Planning Commission direction, it was determined that an effort should be made to clarify the permit status of as

Sec.	Sec. Title	Change	Rationale
	Plan Area.	date permits in the Eastern Neighborhoods.	many uses as possible, and to enable de facto office uses to legalize as such as long as strict criteria are met.
181(a) and (i)	Non-conforming Uses: Enlargements, Alterations, and Reconstruction.	Added subsection (i) enabling non-residential non-conforming uses in Eastern Neighborhoods Mixed Use, PDR-1-D, and PDR-1-G Districts to expand 25% with conditional use authorization. This expansion may occur only once.	Per Planning Commission Direction, non-non-residential conforming uses in these districts allowed to expand 25% to enable companies to grow on-site. In the PDR districts, controls around residential nonconforming uses are found in subsection 181(h).
201	Classes of Use Districts.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
207.6(b) (3)	Required Minimum Dwelling Mix in RTO, NCT, DTR, and Eastern Neighborhoods Mixed Use Districts.	Added language stating that student housing does not need to meet the 40% two-bedroom requirement.	This is part of a series of changes intended to more clearly define student housing, and to enable student housing to be controlled separately from institutional uses and other housing. Absolving student housing from the two-bedroom requirement is based on the logic that student housing is typically not geared towards families.
210.11	PDR-2 District: Core Production, Distribution, and Repair.	Removed reference to the Bayview.	Per Planning Commission, the changing of PDR-2-CW to PDR-1-G means that the PDR-2 District need not be defined by its geography.
210.12	PDR-2-CW District: Core Production, Distribution, and Repair – Central Waterfront.	Deleted this section.	Per Planning Commission direction, zoning of this area changed to PDR-1-G. No remaining PDR-2-CW district exists.
215	Dwellings.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
215(d)	Dwellings.	Added a row for student housing,	Per Planning Commission direction, student housing should be permitted with

Sec.	Sec. Title	Change	Rationale
		which requires conditional use authorization in the PDR-1-D district. Because student housing is not a defined use for the other C, M, and PDR districts, this use is deemed "NA" (Not Applicable).	conditional use authorization in the PDR-1-D District. This change is necessary to more clearly define student housing, and to enable student housing to be controlled separately from institutional uses and other housing.
216	Other Housing.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
217	Institutions.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
218	Retail.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
218	Retail.	Clarified that grocery stores and gyms are P up to 2,500 gross square feet in the PDR-1-G and 5,000 gross square feet in the PDR-1-D districts.	The July 31 Proposed Amendments added the ability for grocery stores and gyms to expand in the PDR-1-D and PDR-1-G districts with a CU. However, mistakenly these uses were not given the same as-of-right controls as other retail uses.
218.1	Massage Establishments.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
219	Office.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
219 (a), (b), and (c).	Office.	For PDR-1-G and PDR-1-D, changed controls from P subject to vertical zoning controls to NP.	In congress with enabling office legitimization, hybrid-office controls, and Small Enterprise Workspace Buildings, new office is no longer permitted in the PDR-1-D and PDR-1-G Districts.
219.1	Vertical Controls for Office Uses	Deleted section.	In congress with enabling office legitimization, hybrid-office controls, and Small Enterprise Workspace Buildings, new office is no longer permitted in the PDR-1-D and PDR-1-G Districts.
220	Laundering, Cleaning, and Pressing.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.

Sec.	Sec. Title	Change	Rationale
221	Assembly and Entertainment.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
222	Home and Business Services.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
222.1	Conversion of Business Services to Office in the PDR Districts.	Deleted section.	Controls around conversion of business service are being addressed in Sec. 179.1.
223	Automotive.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
224	Animal Services.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
225	Wholesaling, Storage, Distribution and Open-Air Handling of Materials and Equipment.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
226	Manufacturing and Processing.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
227	Other Uses.	Removed reference to PDR-2-CW	Per Planning Commission direction, zoning of this area changed to PDR-1-G.
227(s)	Other Uses.	Added row for fringe financial services. Controlled in PDR Districts akin to other retail uses.	This provision was adopted by the City during the Eastern Neighborhoods process. This language was added to reflect the current state of the Planning Code.
227(t)	Other Uses.	Added definition and controls for Small Enterprise Workspace Buildings.	Per Planning Commission direction, buildings comprised solely of small spaces designed for incubating new businesses are permitted as-of-right in the PDR-1-D and PDR-1-G districts.
227(u).	Other Uses.	Added controls for Integrated PDR, which will be permitted in the PDR-1-D and PDR-1-G Districts, subject to	Per Planning Commission direction, Integrated PDR uses shall be permitted as-of-right in PDR-1-D and PDR-1-G, subject to controls articulated in Sec. 890.49.

Sec.	Sec. Title	Change	Rationale
		the controls of Sec. 890.49. The definition is intended to apply only to PDR Districts, and therefore is considered "NA" (Not Applicable) in the C and M Districts.	
249.38	Transit-Oriented Retail Special Use District.	Changed title and purpose of this district to reflect geographic expansion.	The Planning Commission decided that the same retail-oriented controls afforded PDR parcels along 16 th should also be afforded PDR parcels along 3 rd St., in the Central Waterfront.
315.1(38)	Definitions.	Added a definition of student housing that applies only to the Eastern Neighborhoods Mixed Use and PDR-1-D Districts.	This is part of a series of changes intended to more clearly define student housing, and to enable student housing to be controlled separately from institutional uses and other housing.
315.3(c)(5)	Application.	Added that student housing, as defined in 315.1(38), is not required to provide inclusionary housing.	Student housing is largely rental that is designed to be affordable for students. Therefore, it was determined that it was not necessary to also apply inclusionary housing requirements.
315.4(a)(1)(ii)	On-Site Housing Requirement and Benefits.	Revised section to add an "Application" section to clarify that this applies to small projects throughout Eastern Neighborhoods (not just UMU); to clarify that no interest will accrue for the first twelve months from the issuance of the first site or building permit for the project; to increase the size threshold to 25,000 gsf, to allow for family sized units; to specify the use of the fee and	Language proposed in July 31 Proposed Amendments revised to more clearly convey intention of this benefit to smaller developments in the Eastern Neighborhoods.

Sec.	Sec. Title	Change	Rationale
		provide priorities for its expenditure; and to clarify that calculation of gross square feet shall not include nonresidential uses, including any retail, commercial, or PDR uses.	
327.2(b)	Definitions.	Removed sentence containing controls.	Controls inappropriate for definitions section, and moved to Sec. 327.6 instead.
327.6(c)	Fund.	Revised language to better clarify how funds shall be deposited for the designated affordable housing zones, including adding Table 327.6A.	Technical language change intended to provide more clarity as to how funds shall be deposited.
803.9(j)	Commercial Uses in Mixed Use Districts.	Deleted section.	Controls around conversion of business service are being addressed in Sec. 179.1.
814.16(a)	SPD – South Park District.	Added control for student housing, which requires conditional use authorization.	This is part of a series of changes intended to more clearly define student housing, and to enable student housing to be controlled separately from institutional uses and other housing.
814.80	SPD – South Park District.	Added controls for Integrated PDR uses, which are permitted in applicable buildings (per the definition in Sec. 890.49).	Per Planning Commission direction, Integrated PDR uses are permitted in applicable buildings in the South Park District.
840.23	MUG – Mixed Use General District.	Added control for student housing, which requires conditional use authorization.	This is part of a series of changes intended to more clearly define student housing, and to enable student housing to be controlled separately from institutional uses and other housing.
840.88	MUG – Mixed Use General District.	Added controls for Integrated PDR uses, which are permitted in applicable buildings	Per Planning Commission direction, Integrated PDR uses are permitted in applicable buildings in the MUG District.

Sec.	Sec. Title	Change	Rationale
		(per the definition in Sec. 890.49).	
841.23	MUR – Mixed Use Residential District.	Added control for student housing, which requires conditional use authorization.	This is part of a series of changes intended to more clearly define student housing, and to enable student housing to be controlled separately from institutional uses and other housing.
841.88	MUR – Mixed Use Residential District.	Added controls for Integrated PDR uses, which are permitted in applicable buildings (per the definition in Sec. 890.49).	Per Planning Commission direction, Integrated PDR uses are permitted in applicable buildings in the MUR District.
842.23	MUO – Mixed Use Office District.	Added control for student housing, which requires conditional use authorization.	This is part of a series of changes intended to more clearly define student housing, and to enable student housing to be controlled separately from institutional uses and other housing.
842.88	MUO – Mixed Use Office District.	Added controls for Integrated PDR uses, which are permitted in applicable buildings (per the definition in Sec. 890.49).	Per Planning Commission direction, Integrated PDR uses are permitted in applicable buildings in the MUO District.
843.23	UMU – Urban Mixed Use District.	Added control for student housing, which requires conditional use authorization.	This is part of a series of changes intended to more clearly define student housing, and to enable student housing to be controlled separately from institutional uses and other housing.
843.88	UMU – Urban Mixed Use District.	Added controls for Integrated PDR uses, which are permitted in applicable buildings (per the definition in Sec. 890.49).	Per Planning Commission direction, Integrated PDR uses are permitted in applicable buildings in the UMU District.
890.49	Integrated PDR.	Added definition of Integrated PDR, which is a new use that requires 33% PDR but 67% can be other uses. These uses are restricted to existing 3-story	Per Planning Commission direction, a new use was created that requires PDR activities, but to a lesser extent than other uses that would be considered industrial, arts, business service, etc.

Sec.	Sec. Title	Change	Rationale
		buildings and new buildings.	

Appendix 5: Changes to Zoning Map from April 17, 2008 Initiation Package

24th Street Height Limits			
Block	Lot	Initiation Package	Change
3640	011	45	55
