

Showplace Square/Potrero Hill: Workshop #2

Saturday | March 2, 2002 | 10:00 AM - 1:00 PM

@ California College of Arts & Crafts

1111 - Eighth Street

Workshop Summary

On March 2, 2002, the workshop participants reconvened to evaluate and establish priorities for the community planning goals listed during the first workshop. Planning Department staff then made a brief presentation on major housing projects being proposed within the community plan area. The Potrero Boosters then made a presentation on the Interim Zoning Controls that were initially being proposed for the community planning area. More than half of the workshop time was devoted to participants working in four groups to develop alternative land use plans for the neighborhood. This workshop concluded with each group presenting their land use proposal to the entire group.
